In attendance: Dan Delpapa, Elaine Maffeo, Mitchell Maffeo

CALL TO ORDER: Abbey Myers called the meeting to order 7:03 pm

Dangerous Dog Hearing

Name of dog is Penny, Female Lab mix, 24 Bradford Road

Ms. Myers stated the owner of Penny, Lauren Sampson was contacted three times via mail and constable about this hearing. The bite incident happened on January 14, 2025 when Penny broke off from her tether. Bernard was bitten on the rear quarter of his body and received surgery. The owner of Bernard, Elaine Maffeo was also hurt.

Ms. Myers shared a power point presentation explaining the qualifications of how a dangerous dog is determined. The known facts about the two dogs interaction and possible outcomes determined by the BOH.

Dr. Amirtharaj asked about the durability of the tether. Per Ms. Myers, there is no information about tether.

Ms. Maffeo gave her testimony; She stated the dog attach was unprovoked and Penny attached to Bernard. Lauren Sampson took a couple of minutes to release her dog from Bernard. Ms. Maffeo stated Ms. Sampson did not have full control of her dog. Ms. Maffeo stated this event was very traumatizing and she was happy her small child was not on the walk with her. Penny has access to the driveway and that is where she came from. She stated Lauren Sampson was not sympathetic. Mr. Maffeo stated his wife walks Bernard daily on Bradford.

Ms. Netter asked if Bernard and Penny have interacted with each other in the past. Ms. Maffeo stated the dogs have not seen each other before. Bernards vet stated Penny's last vet was in Texas.

Ms. Maffeo asked if the dog is deemed dangerous, is the owner of the unit and the dog owner informed? Ms. Myers stated if the owner of Penny does not comply with the orders determined by the BOH, then the case goes to court.

Ms. Myers stated the Animal Control officer spoke with Ms. Sampson and stated she was defiant but agreed to a 10-day quarantine. There is no history of Penny in Massachusetts.

The BOH will make a determination at next week's scheduled meeting on February 19, 2025.

The hearing is closed at 7:37 PM
