

Committee of the Whole Meeting
Monday, May 11, 2026 at 6:00 PM
RICHARD E. MASTRANGELO COUNCIL CHAMBER,
149 Main Street, Watertown, MA 02472 - Second Floor

Agenda

ACCESS INFORMATION:

- A. This meeting will be held on May 11, 2026 at 6:00 P.M. Location: Richard E. Mastrangelo Council Chamber - Second Floor
- B. This is an in-person meeting - any remote access is provided solely as a courtesy and may not be relied upon as alternative access. Therefore, any interruption in remote access technology shall not interrupt the meeting, and the meeting will proceed accordingly in person. In the event of such interruption, in-person attendance is available and encouraged.
- C. The in-person meeting will also be televised through WCATV (Watertown Cable Access Television) on Comcast Channel 22 or RCN Channel 13 and can be streamed online at: <http://vodwcatv.org/CablecastPublicSite/watch-now?site=3>
- D. The Public may join the in-person meeting online: <https://watertown-ma.zoom.us/j/92991331344>
- E. Public may join the in-person meeting audio only by phone: (877) 853-5257 or (888) 475-4499 (Toll Free) and enter Webinar ID: 929 9133 1344
- F. Public may comment through email: vpiccirilli@watertown-ma.gov

-
1. CALL TO ORDER
 2. COMMITTEE OF THE WHOLE
 - A. In accordance with the Watertown City Charter and the Council Rules, the Honorable City Council will meet, as the Committee of the Whole, for the purpose of holding public hearings on the City Manager's Proposed Budget for the Fiscal Year 2027.

The public hearings on the City Manager's Proposed Budget for the Fiscal Year 2027 will be held as follows:

Wednesday, May 6, 2026 – 6 PM

- Constituent Services
- Information Technology
- City Clerk / Elections

- Community Development & Planning
- Health and Human Services Departments
- Public Safety Departments
- Non-Department Appropriations (Debt, Capital Projects, Etc.)

Monday, May 11, 2026 – 6 PM

- Human Resources
- Public Buildings
- Library
- Recreation Departments
- School Department
- Department of Public Works
- Water & Sewer Enterprise Budgets

Tuesday, May 12, 2026 – 6 PM

- City Council
- City Manager
- Auditing
- Procurement
- Assessing
- Treasurer / Collector
- Parking Lots & Meters
- City Attorney

Department Heads will be available for questions at the above scheduled hearings.

Under this schedule, it is anticipated that the Honorable City Council will take formal action on the Fiscal Year 2027 Budget at its regular meeting on Tuesday, May 26th at 7pm.

The Fiscal Year 2027 General Fund Budget, as proposed, totals \$226,212,930. Additionally, the Fiscal Year 2027 Water and Sewer Enterprise Budgets, as proposed, total \$25,320,380.

The annual City Budget is the single most important policy decision made each year by the City Council. All citizens of the City are invited and encouraged to participate in these meetings to express their opinions of this budget and the priorities it establishes. A copy of the proposed budget is available for examination at the City Clerk's Office and available on the City's website: www.watertown-ma.gov.

3. RECESS OR ADJOURNMENT

ELECTED OFFICIALS

Mark S. Sideris,
Council President

John G. Gannon,
Councilor At Large

Nicole Gardner,
District A Councilor

Vincent J. Piccirilli, Jr.,
Vice President &
District C Councilor
Theophilus Offei,
Councilor At Large

Lisa J. Feltner,
District B Councilor

Caroline Bays,
Councilor At Large

Anthony Palomba,
Councilor At Large

Emily Izzo,
District D Councilor

BUDGET TRANSMITTAL LETTER

Fiscal Year 2027

WATERTOWN

MASSACHUSETTS

OFFICE OF THE CITY MANAGER

TO: Honorable City Council

FROM: George J. Proakis, City Manager

DATE: April 14, 2026

SUBJECT: FISCAL YEAR 2027 BUDGET

Pursuant to the provisions of the Watertown Home Rule Charter, I herewith present the Submitted Budget for the Fiscal Year spanning July 1, 2026, through June 30, 2027.

INTRODUCTION

Over the past four years, I have enjoyed working with the Honorable City Council, serving as your City Manager. This budget, my fourth as City Manager, serves to ensure that we can continue to provide effective and excellent services to the City and its constituents. Our imperative is to rise to this challenge while the environment that we operate in becomes more complex, economic conditions become more challenging, and community expectations continue to evolve.

The Fiscal Year 2027 budget has been constructed with a focus on long-term sustainability and – in response to current and anticipated economic conditions – with a continued focus on ensuring that the City maintains its excellent fiscal position. Information is presented using the following format.

Backup Documents

As is typically submitted, budget backup documents are made available to the City Council during the budget review process. These documents will be available online prior to budget hearings and include the following information:

1. Department Budget Backup Information
 - a. Compensation Worksheets
 - b. Supplies & Services Expenditure Worksheets
 - c. Additional Funding Requests

2. Reference Information

- a. KP Law Contract
- b. Preliminary Cherry Sheets
- c. Insurance and Employee Benefits Backup Information
- d. Pension and OPEB Financial Update

LEADERSHIP STRATEGY AND GOALS

Budgets are often referred to as the most important policy document produced by local governments. A budget document reflects community priorities and values.

Over recent years, Watertown residents, as well as the Honorable City Council, have engaged in conversations about our shared values, goals, and policy priorities. These interactions have produced a community statement of values, in the preamble to the Home Rule Charter; a series of community-wide goals undertaken through the draft of the new Comprehensive Plan; and a set of policy guidelines developed through the Council committee meetings in the form of the Fiscal Year 2027 Budget Policy Guidelines, as approved and ranked by the City Council, and the Capital Improvement Plan (CIP) conceptual recommendations. With sincere thanks to the Honorable City Council, the strategy and policy guidance provided in these documents provides a strong foundation for the development of a city budget.

The guiding principles for civic and environmental stewardship in the Home Rule Charter highlight the need to prioritize: safety & tranquility; health & well-being; education & excellence; creativity & innovation; equity & diversity; and accountability & transparency. The preamble notes that taken together, these principles yield “vibrant and welcoming neighborhoods, high-quality and inclusive schools, transparent and accountable municipal operations – including performance excellence, responsiveness, and collaboration – and thriving local businesses.”

In my Preliminary Budget Overview presentation this past fall, I announced a set of City goals to guide City department operations that are informed by these principles from the Home Rule Charter. In an effort to focus the organization, these City goals replace the Strategic Priorities and Leadership Formula I have used in prior years. There are six goals that are separated into two groups—both of which use language directly from the preamble of the Home Rule Charter. Three of the goals are grouped together under “Excellent, Responsive, and Collaborative Municipal Operations” and the other three goals are under “Vibrant and Welcoming Community”. The full text of the goals is as follows:

Excellent, Responsive, and Collaborative Municipal Operations

Effective Operations

The City of Watertown will operate an ethical, efficient, and creative organization that delivers timely and high-quality services that meet the needs of the community. We will continually modernize systems and foster a culture of collaboration to achieve the highest standards of performance.

Fiscal Stability

The City of Watertown will manage our finances in a professional and responsible manner to maintain our strong fiscal position. We will operate using sound financial policies and practices to most effectively use taxpayer dollars and ensure we are equipped to weather economic uncertainty.

Community Engagement & Customer Service

The City of Watertown will prioritize proactive communication and responsive customer service to effectively inform, educate, and empower its constituents. We will ensure that all voices in the community are heard by offering a variety of meaningful opportunities for engagement and civic participation.

Vibrant and Welcoming Community

Public Health & Safety

The City of Watertown will enhance the health, wellbeing, and safety of the Watertown community. We will provide programs, resources, and professional emergency response services to ensure a healthy Watertown that is safe for all who live, work, and visit here.

Commitment to the Future

The City of Watertown will make responsible and timely investments to deliver a resilient and beautiful future for Watertown. By enacting meaningful climate and energy policies, implementing thoughtful community design, supporting flourishing businesses, and investing in state-of-the-art schools, we will ensure that future generations can thrive.

A Watertown for All

The City of Watertown will foster a welcoming, inclusive, and accessible environment. We will invest in cultural assets and provide diverse programming that makes Watertown a desirable community for all to enjoy.

This budget book contains goals for each of the departments that are informed by these City goals. In the coming months, we will begin to publish performance measures that show the progress departments are making toward their goals. With this, we hope to better communicate with the public

and ensure that budgetary and programmatic decisions are focused on fulfilling the promises of the Home Rule Charter Preamble and the Budget Policy Guidelines of the Honorable City Council.

We kept all of this in mind as we built this budget. It is my sincere hope that this budget effectively reflects the community's values, goals, and policy priorities as illustrated in the charter preamble, the Council's Budget Policy Guidelines, the Council's CIP conceptual recommendations, the comprehensive plan, and the new list of City and department goals.

Preliminary Fiscal Year 2027 Budget Overview Highlights

The Fiscal Year 2027 Preliminary Budget Overview was presented to the Honorable City Council on October 14, 2025. The Overview included a review of the City's financial condition, revenue and expenditure forecasts, and other information relevant to the budget process. During the overview, I focused on the six new City goals.

As we reviewed the Fiscal Year 2026 budget and prepared for Fiscal Year 2027, I reinforced our previous and continuing policies to:

- Provide the highest level of services possible to meet community needs with the most efficient utilization of resources.
- Ensure annual costs of all operations are funded on an annual basis out of current revenues.
- Not defer maintenance and/or recognition of costs of capital equipment, facilities, and infrastructure to future years.
- Remain focused on achieving our long-term goal of sound financial management and fiscal stability.
- Present a budget based on sound business practices.

Fiscal Year 2026 Accomplishments

During my Fiscal Year 2027 Preliminary Budget Overview, I outlined several efforts that we have been focusing on in Fiscal Year 2026. While these are not an exhaustive list of our accomplishments, they are some key highlights. Below is an update on these accomplishments by category:

- Effective Operations:
 - We continue to improve our hiring process to fill vacant positions quickly and with qualified candidates.
 - The City Council approved a new Administrative Code to improve the organizational structure of City departments.

- Our departments are collaborating more than ever before, streamlining projects and improving services for our residents.
- Fiscal Stability:
 - We continue to utilize sound financial practices that maintain our AAA bond rating—helping to keep borrowing costs low.
 - We remain on track to fund Other Post Employment Benefits (OPEB) and expect to fully fund our remaining liability by 2031.
 - With adjusted pension funding in FY2027, we will once again have one of the few fully funded pension systems in the Commonwealth.
- Community Engagement and Customer Service:
 - 311 call volume continues to grow as residents learn about and gain trust in the service.
 - Our Department of Public Works has filled the new Communications Coordinator position to assist with construction communication.
 - The Communications Team has provided diverse and creative engagement opportunities on large-scale City projects, like those used to design the future Walker Pond park.
- Public Health and Safety
 - The new Human Services Department has ramped up operations and works to expand programming and referral pathways that effectively serve individuals and families in need.
 - Our Public Health department has increased community programs, including a sharps collection kiosk and providing sunscreen in parks.
 - The Council fully funded the new positions required to staff the second in-house ALS ambulance. Employment offers have now been extended to fill all of these new firefighter and paramedic positions, and we expect to have the second ambulance fully in operation in the coming months.
 - The Police Department has proceeded with implementing the body-worn camera program.

- Commitment to the Future
 - The City continues to make significant progress on the Parker Building renovation and recently relocated the Food Pantry to the building.
 - Watertown High School is preparing to open this fall.
 - The City continues to invest in its parks, such as the newly reopened Saltonstall Park. Construction continues at Bemis and How parks.
- A Watertown for All
 - The ADA self-evaluation plan was completed by KMA and City staff are refining the transition plan and beginning to address issues across all City buildings and programs.
 - Faire on the Square and the Arts Market each had over 3,500 visitors this year.
 - The City's translation program continues to be popular, with the on-demand interpretation service being regularly used by staff to more effectively serve all residents.

Foundations of our Budgeting Strategy

Development of the Fiscal Year 2027 budget was informed by the local and national economic challenges that continue to impact Watertown's ability to meet its obligations and provide superior services to the City's residents. I have spoken about these headwinds frequently over the past year and wanted to reiterate a few key sources of uncertainty that have informed our budgetary decisions for Fiscal Year 2027.

The Biotech Industry

Watertown has benefitted in recent years from significant levels of new growth in the tax base due to the expansion of the life sciences industry. The life science industry continues to grow in the region, but that growth has slowed significantly. Watertown remains a strong choice for life science companies, particularly small start up companies. Within the industry, Watertown has a large and diverse group of companies with many innovations in the pipeline. Nonetheless, the industry faces the challenge of filling substantial vacant space in our region before we are likely to see another life science building under construction in Watertown. As long as this industry continues to grow in the region, we will continue to see some benefit from new companies arriving in Watertown, but we cannot expect the levels of new growth we have seen in Fiscal Years 2022-2025. Similar to last year, our new growth projections do not anticipate the start of any new life science buildings in Watertown in the coming years.

Federal Uncertainty

Several items at the federal level that have direct and indirect impacts on Watertown's budget continue to be in flux. Increases in tariffs and international instability have raised the cost of many capital items, and have made it difficult to confidently predict prices for the coming year and beyond. The status of federal grants continues to shift as well. While Watertown has not relied heavily on direct federal grants for our budget, there are secondary effects that could impact our financial situation. The biotech industry, for example, relies heavily on basic research that is typically funded through grants from the federal agencies. When the current and future status of federal grants to basic science remain uncertain, the pipeline from academic research to industry slows, which reduces investments in new lab space and risks further declines in new life science lab growth.

Home Rule Petition

We are working with our state representatives and state senator to get our Home Rule petition passed by the state legislature so that we can maintain the current tax rate shift between residential properties and commercial/industrial properties. If the Home Rule petition is not adopted before the Fiscal Year 2027 tax rate is set in the fall, residents will face significant increases to their property tax bills. In that alternative, if we seek to reduce the impact of these extensive tax increases, we would need to reduce investments in stabilization accounts or reduce our commitment to borrow, which could necessitate slowing, rescheduling, or eliminating some items in the Capital Improvement Plan. Due to adjustments in the pension projections (discussed on page 17) we are already delaying some of our stabilization account commitments by one year – thereby limiting our flexibility in the FY 2027 budget. I will continue to periodically update the Council on this important impact to our community between now and the fall. On January 27th of this year, I appeared alongside the City Council President and the City Assessor before the Joint Committee on Revenue to urge the State Legislature to adopt the Home Rule petition. At this time, the bill remains in the Revenue Committee.

Energy Costs

Energy markets are currently seeing dramatic cost increases due to a variety of pressures at the national and international level. To insulate the City from dramatic shifts in the cost of electricity, the City signed a multi-year contract with the company Engie Resources to have them supply us with electricity at a fixed rate. Recently, the City received electric bills with supply rates that were 30% higher than the originally agreed upon price. Engie claims that an obscure adjustment in the state policy allows them to break with our contracted rate and overcharge the city. We believe that these increases to supply rates are in violation of the contract we have with Engie and have filed a complaint with the Commonwealth's Department of Public Utilities (DPU) and a request for arbitration. It has been our annual strategy to use excess funds in the utility lines to pay off loans for the energy efficiency programs that we created through our Energy Services Contract (ESCO) program. While we are optimistic that DPU will agree with us about the Engie appeal, we have budgeted for our utility bills to

be at the supply rate seen in our most recent bills. In the event that DPU does agree with us, and we are able to return to our agreed upon supply rates, we will use the extra funds in our utility budget lines at the end of FY 2027 to pay off the ESCO loan faster.

As a City Manager, my primary responsibility is to build a budget that not only reflects our community values and policy goals but also provides a dependable long-term strategy. That's more difficult when the circumstances around us are so uncertain.

This budget is therefore positioned to be conservative in response to these uncertainties. Nonetheless, we have strong fiscal policies in place, so we can continue to maintain programs and services in Fiscal Year 2027. In the meantime, this budget:

- Uses conservative estimates for new growth
- Maintains the same number of total employee positions as we had in Fiscal Year 2026
- Funds only a limited number of additional budget requests in strategic areas consistent with the implementation of the City Council's Budget Policy Guidelines
- Maintains our strategic reserves, including in free cash, consistent with the City Council's recommendations

Having a fully funded retirement system on July 1, 2021, and a long-range funding plan for addressing the unfunded other post-employment benefits (OPEB) liability and the financing of the Three Elementary Schools Project within the confines of Proposition 2 ½ were incorporated in the Fiscal Year 2020 to 2022 budgets. The financing of the New High School Project was included in the Fiscal Year 2023 budget. The Fiscal Year 2026 budget continued these commitments and, beginning with the Fiscal Year 2026-2030 Capital Improvement Plan, the City Council identified the middle school as the capital plan's top priority going forward.

Since then, cost estimates for the Middle School project have increased to \$112,239,426, which would require more than the \$70 million in borrowing anticipated in the Fiscal Year 2026 budget. The Fiscal Year 2027 budget and Fiscal Year 2027-2031 Capital Improvement Plan have been constructed to accommodate the increased borrowing necessary for the Middle School project but maintains flexibility to fund the project only when a full cost accounting is complete and when the project borrowing can fit within the City's long term projected budgets. The CIP funding strategy still creates potential budget deficits beginning in FY2030 unless we are able to exceed new growth projections.

Budget Policy Guidelines

Subsequent to the Fiscal Year 2027 Preliminary Budget Overview Presentation, in accordance with Section 5-1 of the Watertown Home Rule Charter, the Honorable City Council met several times and developed Fiscal Year 2027 Budget Policy Guidelines that were subsequently adopted on November 25, 2025. Those guidelines are included in this budget book, after this memo.

FINANCIAL HIGHLIGHTS

Overview

The Submitted Fiscal Year 2027 Budget includes revenues and expenditures each totaling \$226,212,930, which represents a decrease of \$985,609, or 0.43%, from the Fiscal Year 2026 Revised Budget. These annual increases and decreases are difficult to measure when including the one-time investments we have recently made in land purchases using one-time payments from free cash. To better compare annual adjustments, we can compare budget expenditures without the “Other Financing Uses” line. Without the Other Financing Uses line, the Submitted Fiscal Year 2027 Budget expenditures total \$221,949,600, which represents an increase of \$14,228,210, or 6.85%, over FY 2026. For comparison purposes, the following table summarizes year-to-year changes in expenditures from Fiscal Year 2023 through the Submitted Fiscal Year 2027 Budget.

General Fund Expenditure Trends, FY 2023-2027*		
Fiscal Year	Dollar Increase/Decrease	Percentage Increase/Decrease
2023	\$4,905,227	3.0%
2024	\$17,172,556	10.1%
2025	\$8,728,826	4.7%
2026	\$12,236,248	5.9%
2027	\$14,228,209	6.85%

**Excludes Other Financing Uses.*

New Growth Forecast

Incorporating current levels of uncertainty, the Submitted Fiscal Year 2027 Budget fully utilizes the local property tax levy and includes estimated new growth of \$2,500,000. Real and personal property taxes of \$182,228,959 represent roughly 80% of Fiscal Year 2027 General Fund revenue.

The Watertown residential real estate market continues to show strength. Residential sales volume in 2024 and 2025 remained strong, with 332 and 403 homes sold in each year respectively, and the median sales price increased by 5.9% to \$900,000.

Arsenal Yards is the last development to add significant housing to Watertown, and currently there is only one large project, at 104-126 Main Street, under construction. Without additional housing, the existing supply will continue to be in strong demand. Regional housing shortages continue to put stress on potential homebuyers and renters, which is impacting family financial security and regional economic development. The new zoning in Watertown Square has encouraged permitting of new housing developments in the square. We expect the zoning to bring new housing to the square, but at this point the projects recently approved under the new zoning have not yet begun construction.

As noted above, Watertown's commercial real estate, particularly in the life science industry, cooled in Fiscal Year 2025. New life science buildings and retrofitted buildings are in search of tenants. Some are partially committed, others are vacant. Several approved projects are awaiting lease commitments prior to developers starting construction.

Market uncertainty continues to slow the development of commercial projects. The Fiscal Year 2027 new growth in this budget is based upon projects nearing completion and increased personal property taxes for commercial spaces that were recently rented. Therefore, we have a high degree of confidence that we will achieve this new growth despite uncertainty in the market. We have not included growth in our forecasts from permitted commercial projects that have not started construction, as there is no certain start date for new commercial development projects in Watertown at this time. For these reasons, we continue to have more modest new growth forecasts for the Fiscal Year 2027 budget than we have in recent years.

REVENUE

Revenue Forecast

The revenue forecast anticipates total Fiscal Year 2027 revenue of \$226,212,930. The proposed budget emphasizes stability and a sustainable profile by limiting the use of one-time funding sources to specific capital projects and continuing the City's conservative approach towards estimating recurring revenue.

Tax Levy

The Fiscal Year 2027 adjusted levy limit is \$176,320,936. After adjusting for 2.5%, adding new growth (\$2,500,000), and subtracting the overlay (funds set aside for tax abatements), the Fiscal Year 2027 anticipated property tax levy is \$182,228,959. Watertown continues to split tax rates, reducing the share of the levy paid by the residential and open space property owners and shifting those taxes to commercial, industrial, and personal property owners. We have split our tax rate to the maximum allowed under current law at 174%, although this split has been reduced over recent years from the 175% that is permitted for most communities. This is due to a complex regulation of state law that has capped our tax split as our commercial tax base has grown. As noted above, we need a home rule

petition to continue to have a split close to 175%, and this is pending with the state legislature. If it does not pass, our split would be closer to 150%. To further control the impact of this tax split regulation, it also benefits Watertown to build new multi-family residential buildings, which is consistent with the plans for Watertown Square and the City's Comprehensive Plan. Watertown also continues to offer a tax exemption for a percentage of taxes on principal residences of the taxpayer (i.e., owner-occupied property).

State Aid

On October 14, 2025, during the Fiscal Year 2027 Preliminary Budget Overview Presentation, the Fiscal Year 2027 state aid revenue amount was projected at \$17,075,638, which is the revised Fiscal Year 2026 budget amount. The Governor's proposed Fiscal Year 2027 state aid amount is \$17,465,082, which is \$389,444 above the revised Fiscal Year 2026 budget amount. Going forward, if the Fiscal Year 2027 state aid revenue changes, adjustments will be made during the review of our budget in October of 2026.

Local Receipts and Other Financing Sources

Local receipts and other financing sources are largely flat in comparison with Fiscal Year 2026, which is consistent with our emphasis on conservative budgeting. Overall, local receipts are down by .36%. This small decrease comes from a reduction in rental revenue from the Parker Building due to having fewer tenants and more city use in the building in FY 2027.

For many years, we have allocated exactly \$2,000,000 from Free Cash to the budget each year. As I have noted many times, Free Cash is a one-time revenue source that is only to be used on one-time capital items and is not to be used to balance the operating budget. Each year, we have noted that the free cash allocation to the budget is always a smaller number than our total pay-as-you-go capital projects in the annual budget. This year we are implementing a policy change in the proposed budget that we have carried forward in our future year estimates. By covering all of the pay-as-you go capital items (the items marked as TR – tax revenue - in the CIP) through an allocation of free cash to the budget, we can provide some financial relief and maintain operating programs without the risk of a deficit in these leaner times. Therefore, this year, we have increased that allocation to \$3,823,100 to cover all of the Fiscal Year 2027 capital items that are funded in the operating budget. As it is our policy to keep these "TR" line items to just under \$4 million, we expect to continue an annual allocation just under \$4 million in future years. This is a substantial step towards closing the Fiscal Year 2027 and future year deficits we were showing in the October preliminary budget overview.

Community Preservation Act (CPA)

The Community Preservation Act (Mass General Law Chapter 44B) was enacted by the state legislature in 2000. The law allows municipalities to raise monies through a surcharge on real property of up to 3% of the real estate tax levy. The state, through its CPA Trust Fund, augments local CPA revenues annually. CPA funds may be used only to:

- Acquire, create, and preserve open space
- Acquire, create, rehabilitate, and preserve land for recreational use
- Acquire, rehabilitate, and preserve historic resources, and
- Acquire, create, preserve, and support community housing

The Community Preservation Act, with a 2% surcharge, was approved by Watertown voters on November 8, 2016. As of April 1st, CPA funded projects for Fiscal Year 2026 include \$610,000 for the Commander's Mansion, \$2,000,000 for Willow Park, and \$1,500,000 for the construction of a group home at 103 Nichols Avenue.

ORGANIZATION OF GOVERNMENT

Fiscal Year 2026 Organizational Changes

On March 24th, 2026, the Honorable City Council approved the City's first comprehensive Administrative Code. This resulted in a number of departments and divisions updating their names. These changes are reflected throughout the document and will be noted in the budget sections for any affected departments. The new Administrative Code also combined the Parks and Cemeteries divisions in the Department of Public Works. Additionally, the Veterans budget has been entirely moved into the Human Services budget.

Mid-Year Adjustments to FY 2026

The following changes have been made since the Fiscal Year 2026 budget was approved:

- The Honorable City Council approved funding for the remaining firefighter/paramedics needed to operate a second in-house Advanced Life Support ambulance.

Changes to Headcount.

The proposed Fiscal Year 2027 budget is headcount neutral. While there are new positions funded by this budget, they are offset by not funding, combining, or moving existing positions.

- The Network Manager position in the IT department is not funded in this budget. We have determined that this position is not necessary in our current IT department configuration.
- A new Principal Department Assistant position is being funded for the new Human Services Department. This position will serve at the front desk and assist people in need of services offered by the department.
- A vacant administrative assistant position in the Department of Public Works is being reallocated to fulfill an additional funding request for an administrative assistant in the Senior Services Department. While this will require more sharing of duties in the DPW administrative team, at this time the workload there can be met with existing staff. Meanwhile, Senior Services is in need of this position to address increasing call volumes and programs.

- Two part-time custodian positions are being combined into one full-time position in the Department of Public Buildings.
- A new Heavy Equipment Operator is being funded in the Urban Forestry division of the Department of Public Works. The salary and benefits of this position are being completely offset by reducing the division's contracted services budget, as they will be able to perform in-house work that had previously been contracted out.

Changes to Positions

As part of a project to review and update the job descriptions of all positions in City government, we identified a handful of positions that were incorrectly classified for the duties they perform. This budget corrects those classifications and makes necessary funding adjustments.

Conversion from Part-Time to Full-Time

The budget converts one Hatch Assistant and one Reference Services Librarian in the Library to full-time. The budget also converts the Communications Coordinator in the Department of Public Works from part-time to full-time.

EXPENDITURES OVERVIEW

The Submitted Fiscal Year 2027 Budget appropriation is \$226,212,930, a projected decrease of 0.43% from the Fiscal Year 2026 revised appropriation.

Departmental Expenditures

Departmental expenditures total \$138,583,435, a \$7,042,700 increase from the revised Fiscal Year 2026 budget. Many departments saw increased level-service budgets due to increased costs of supplies and equipment. This also includes \$64,590,018 for education, a 4% increase from Fiscal Year 2026. In the past, the education line has been increased by 3.5%. This increase to 4% is in accordance with Budget Policy Guideline II.A.

The budget sheets for the City's general government, public safety, public works, health & human services, library, and recreation departments are incorporated in the enclosed budget document. Departments sheets include a department overview, organizational chart, accomplishments, goals, objectives, a summary of the level service budget, a review of additional budget requests, and capital budget lines for each department. Departmental expenditures that implement budget policy guidelines are noted on the summary sheets.

This budget also includes annual cost of living increases and step increases for union employees as required by collective bargaining agreements and for non-union employees in accordance with the City's compensation plan. Prior to the Fiscal Year 2026 budget, increases for non-union employees were not included in departmental budgets.

State and County Charges

The Fiscal Year 2026 state and county charges appropriation is \$3,263,647, which is an increase of \$56,779 from the revised Fiscal Year 2025 budget.

Insurance and Employee Benefits

Watertown joined the Group Insurance Commission (GIC) employee insurance program in 2010. GIC membership has allowed us to manage our insurance costs effectively through a time period where insurance has become a significant challenge for many employers. Nevertheless, ongoing inflation in the medical sector has had a material impact on employee health costs. Fiscal Year 2027 insurance and benefits costs are budgeted at \$26,897,000, which is an increase of \$1,227,477 over the Fiscal Year 2026 budget. Note that, while health insurance costs continue to exceed annual growth and annual inflation, our liability insurance costs are essentially flat this year.

Pension and OPEB Costs

The proposed budget includes \$12,013,051 for pension and \$2,111,444 for other post-employee benefits (OPEB). This is the most substantial deviation from the FY 2027 preliminary budget estimates, and it drives many of the other necessary adjustments to reach a balanced budget.

The proposed pension appropriation is significantly higher than the \$4,039,557 projected in the Fiscal Year 2027 Preliminary Budget Overview. Stepping back – our original plan after fully funding the pension has been to provide an annual “normal cost” contribution of \$1,150,000. At the start of the FY 2026 budgeting process – well aware that we had implemented a new compensation plan, we asked the Watertown Retirement Board to engage with their actuarial consultant to ensure that we would remain fully funded with the new salary structure. Unsurprisingly, at the time, the actuarial consultant informed us that we would need to increase our allocation to ensure we could remain fully funded. We chose to divide this increase over two years. We increased the FY 2026 number to \$3,935,255 and anticipated needing \$4,039,557 in FY 2027.

Upon updating actuarial data for the Retirement Board last month, our consultant indicated that this number was substantially too low, and we would need to allocate over \$12 million to be fully funded in FY 2027. We reviewed options to further divide these funds over multiple years but determined that it would be best to ensure we are fully funded in FY 2027, and therefore the budget fully funds this liability while adjusting various stabilization contributions to offset for this budget impact.

The reason for this substantial deviation in the forecast is complex, but it appears to be based on a logical error in the way these estimates are calculated. An actuarial estimate is not fully accounting for vacant positions. During previous estimates there was an assumption that the significant employee vacancies, particularly those we had in DPW and Police, would remain vacant. Of course, with the changes in compensation and civil service requirements we have filled many positions in the past 18 months, thereby changing the framework under which these numbers are calculated. There may have

been additional errors in the actuarial calculation done last year, and our auditing staff is still investigating that possibility.

With this proposed pension estimate in FY 2027, the annual payments to pension after FY 2027 should return to the “normal cost” number of \$1,150,000

Evolution of Actuarial Estimates to Maintain Fully Funded Pension				
	FY 2025	FY 2026	FY 2027	FY 2028 and future years
FY 2025 Forecast	\$1,150,000	\$1,150,000	\$1,150,000	\$1,150,000
FY 2026 Forecast	\$1,150,000	\$3,935,255	\$4,039,557	\$1,150,000
FY 2027 Forecast	\$1,150,000	\$3,935,255	\$12,013,051	\$1,150,000

With the proposed contribution of \$2,111,444 to the OPEB Trust Fund, the City remains on track to be fully funded by Fiscal Year 2031. This contribution is \$1,919,749 less than projected in the Fiscal Year 2026 Expenditure Forecast. This lower contribution is based on updated actuarial projects that have decreased the size of contributions in Fiscal Year 2027 and beyond.

Evolution of Actuarial Estimates to Fund OPEB by 2031				
	FY 2025	FY 2026	FY 2027	FY 2028
FY 2025 Forecast	\$8,932,717	\$7,575,736	\$9,999,920	\$10,624,105
FY 2026 Forecast	\$8,932,717	\$3,569,028	\$4,031,193	\$4,620,250
FY 2027 Forecast	\$8,932,717	\$3,569,028	\$2,111,444	\$2,246,667

These substantial fluctuations in the pension and OPEB estimates have been a concern to the city administration and auditing teams. Because of this, the administration and auditing department will be having our outside auditing firm do a complete review of these estimates in an effort to fully understand the changing numbers and reduce risk of substantial fluctuations in estimates in future years.

These adjustments to pension and to OPEB costs will not impact service delivery. To address this impact, the following changes from the previous budget forecasts (Preliminary Budget Overview forecast and CIP memo forecast) are proposed:

- Delay \$2,400,000 senior center stabilization fund contribution to FY 2028. This will combine the contributions proposed in the CIP from FY 2027 and FY 2028 for a FY 2028 contribution of \$6 million.

- Delay \$600,000 contribution to the Watertown Square Stabilization Fund to FY 2028. This will combine with the contribution proposed in the CIP from FY 2027 and FY 2028 for a FY 2028 contribution of \$2,600,000.
- Delay the \$1,250,000 annual contribution to the Acquisition of Land fund. This is typically funded at this rate each year, but we will not make a FY 2027 contribution to the fund. Our expenditure forecast proposes doubling the contribution in FY 2028 to offset for this change, but the forecast is also showing a \$1.8 million deficit in FY 2028 which may limit our ability to make a double contribution in FY 2028. We will review this further in October in the FY 2028 preliminary budget overview.

Debt and Interest

Total debt and interest payments in the Submitted Fiscal Year 2027 Budget total \$36,752,223. This is an increase of \$1,981,810 driven largely by the net impact of debt service for the City's school projects.

Capital Projects

Capital projects funded directly in the budget this year total \$3,823,100. This funding covers items noted with a TR (tax revenue) designation in Fiscal Year 2027 of the Fiscal Year 2027-2031 Capital Improvement Plan (CIP). Details about this line are incorporated into the CIP Funding Table in the budget book. This year, these capital items are being fully funded by a transfer of free cash as shown in the revenue portion of the budget.

Other Financing Uses

Council Reserve

This budget funds the Fiscal Year 2027 Council Reserve at \$2,800,000. This funding provides a readily accessible option to ensure adequate funds for unanticipated needs.

Affordable Housing Trust

The City continues to allocate \$250,000 to the Affordable Housing Trust in the Fiscal Year 2027 and in our projections for future years. The fund can be used to facilitate the creation and preservation of affordable housing within the City of Watertown for the benefit of low- and moderate-income households and for the funding of community housing.

Public Safety Study

This year both the police and fire departments requested additional uniformed staff. Fire Department seeks eight additional staff to ensure that there is full coverage on ladder trucks during certain shifts. Police are seeking four additional staff to cover busy shifts particularly in one of their patrol districts. Both of these requests deserve more attention but are unable to be funded this year. The administration has allocated \$150,000 in this budget to undertake a study of public safety staffing with an outside consultant. This will review operational strategies and needs so that any future year investment in public safety staffing are strategic and effective.

Recreation Strategic Plan

This budget allocates \$75,000 for the development of a strategic plan for recreation programming in Watertown. As the department continues to grow in programs, facilities, capital projects, and community needs, an external planning process will help establish clear goals, priorities, and operational direction for the next 5–10 years. This plan will include an extensive community engagement process.

Transfers to Other Funds

As noted above, due to the significant increase in the City's pension assessment, the proposed Fiscal Year 2027 Budget does not allocate funds to the Acquisition of Land Fund, the Senior Center Stabilization Fund, or to the Watertown Square Stabilization Fund. However, our forecasts for Fiscal Year 2028 include all of the funding that had originally been forecasted for Fiscal Year 2027 on top of the full amount that had been forecasted for Fiscal Year 2028. This means that our forecast includes the same amount of funding for these accounts across Fiscal Year 2027 and 2028.

Unfunded Requests

While developing the Fiscal Year 2027 budget, I asked departments to provide funding requests to implement or expand programs that they would recommend for the upcoming fiscal year. Department heads brought forward a significant number of proposals that would provide additional services to the community. This year's overriding challenge involved identifying a limited set of proposals that could go forward given the fiscal limitations and underlying economic uncertainty that we are facing. In particular, no funding request that would add to staff headcount has been incorporated into this budget. Of the \$3,117,605 requested, we were only able to include \$644,922, or 20.7%. The unfunded items are noted in the departmental narratives for reference and potential accommodation in future years.

COMMITMENT TO PENSION, OPEB, AND CAPITAL BUILDING PROJECTS

To prioritize three significant budget policies from the Council's guidelines, the City has committed to providing a baseline annual appropriation to cover the cost of a) borrowing and saving for new schools and major capital building projects; b) pension liability; and c) OPEB liability. Over time, the included building projects first covered the schools, and more recently also the senior center project. For the purpose of fully addressing the flexibility between these investments, Watertown Square is also included in the analysis in the recent CIP memo and the chart below. Nonetheless, it has been difficult to maintain a stable number in recent years:

- In Fiscal Year 2025, the total contribution was set at \$33,100,000.
- In Fiscal Year 2026 the plan was to set this number at \$34,500,000 but with the one-time free cast transfer to the middle school stabilization account, the total was \$43.4 million. At that time, we planned to return to a stable annual contribution at \$34,500,000 for FY 2027 and beyond.

- In the FY 2027-2031 CIP memo, there was a need to reduce the proposed investment to \$32 million in FY 2027 and FY 2028 and return to \$34.5 million in FY 2029. This established a realistic plan for funding the middle school and senior center, but did not anticipate the change in pension contribution required this year to maintain full funding.
- To address the pension funding, the budget will set the combined allocation to these projects at \$36,973,495 in FY 2027.
- As the pension contribution for this year is a one-time increase, this will return to the projected \$1,150,000 pension contribution starting next year. Our projections for Fiscal Years 2028 to 2030 have us resume our planned contributions to the Senior Center and Watertown Square Stabilization Funds. Based on this we anticipate this total contribution to the combined projects will reach \$35 million in FY 2027 and then return to our planned \$34.5 million in FY 2028 provided that total can be sustained without impacts on the operating budget.

Building For the Future: Schools, Pension, OPEB with Senior Center and Watertown Square Fiscal Year 2027 – Evolution of the “Building for the Future” Commitment				
Description	Forecast FY 2026 Budget	Preliminary Budget Overview	CIP Presentation	FY 2027 Submitted Budget
Pension	\$4,039,557	\$4,039,557	\$4,039,556	\$12,013,051
OPEB	\$4,031,193	\$4,031,193	\$2,111,443	\$2,111,444
Elementary & High School Debt	\$19,145,917	\$19,145,917	\$22,849,000	\$22,849,000
New Middle School Debt	\$783,300	\$783,300	\$0	\$0
Middle School Stabilization	\$0	\$0	\$0	\$0
Senior Center Stabilization	\$6,500,000	\$6,500,000	\$2,400,000	\$0
Watertown Square Stabilization	\$1,000,000	\$0	\$600,000	\$0
Total	\$35,500,000	\$34,500,000	\$32,000,000	\$36,973,495

CAPITAL PROJECTS

Fiscal Year 2027-2031 Capital Improvement Plan

Pursuant to the provisions of the Watertown Home Rule Charter and the City Council Resolution on the Fiscal Year 2027 Budget Process, the Proposed Fiscal Year 2027-2031 Capital Improvement Program (CIP) was submitted to the Honorable City Council on January 27, 2026.

The Council’s Committee on Budget and Fiscal Oversight met thereafter to develop conceptual recommendations for presentation to the Honorable City Council for their review and adoption. On March 10, 2026, the Honorable City Council adopted 36 conceptual recommendations on the Fiscal

Year 2027-2031 CIP as memorialized in the Committee minutes. These recommendations are incorporated in the appendix to this budget.

The recommendations followed the submittal of the CIP along with my memo presenting the CIP to the Honorable City Council. The CIP document and letter are also attached as an appendix to this budget.

Proposed Loan Orders

During Fiscal Year 2027, proposed loan orders will be brought forward for various capital items contained in the Fiscal Year 2027 capital plan. Funding for the proposed items is consistent with one of the Honorable City Council's priorities of not deferring maintenance and/or recognition of costs of capital equipment, facilities, and infrastructure to future years. The items that will be included in the proposed loan orders are identified in the CIP Funding Table in the budget book.

We also expect to seek the support of the Honorable City Council as we move forward with outstanding Fiscal Year 2026 loan orders and transfers of funds in the next two months.

Bond Market

On May 16, 2025, Standard & Poor's (S&P's) Rating Services assigned its AAA rating to an upcoming General Obligation (GO) Bond Sale totaling \$55.44 million. At the same time, S&P's affirmed AAA long-term rating on the City's existing GO debt. These ratings are S&P's highest existing ratings. Watertown has sustained an AAA rating since 2013.

The rating reflects their opinion of the City's:

- Stable and diversifying local economy with access to the Boston metropolitan statistical area.
- Good financial management policies and practices
- Maintenance of very strong reserves and consistently positive financial operating results
- Manageable long-term costs and affordable borrowing plans

The City will seek additional bonding in June 2026; as indicated above, the City will continue to utilize bond monies to finance infrastructure improvements, and it is imperative to continue the City's commitment to sound financial management and fiscal stability.

EDUCATION

The Watertown School Committee voted to adopt the \$64,590,018 Fiscal Year 2027 budget recommended by Dr. Deanne Galdston, Superintendent of Schools, at their March 26, 2026 meeting. The school budget continues to face challenges due to an uptick in out-of-district special education

placements and challenges in the state school funding formulas that required closing an initial budget gap. Nonetheless, the Superintendent was able to present a balanced budget, developed collaboratively with school and district administrators, curriculum and program coordinators and the School Committee to craft a budget that addressed core needs within the context of available funding.

The Submitted Fiscal Year 2027 Budget represents an increase of \$2,484,231, or 4%, over the Fiscal Year 2026 budget and continues the City’s very strong commitment to education. The document can be viewed on the Watertown Public Schools website at www.watertown.k12.ma.us.

The Education line in the City’s budget has traditionally been increased by 3.5% each year. In accordance with Budget Policy Guideline II.A, this budget raises that percent increase to 4%. In addition to this, there other expenses that the City incurs in support of the schools that are not covered by the \$64,590,018 Education line. City staff in the Auditing and Procurement Departments devote significant time to supporting the School Department. Additionally, the insurance, pension, and OPEB expenses for non-teacher staff members of the School department are paid for by the City. The City also covers a number of School capital projects with tax revenue and includes the cost of debt and interest for projects such as the Three Elementary Schools and new Watertown High School in the City budget. All together, these items total to \$103,477,046 of the Fiscal Year 2027 budget being devoted to the School department, which equals about 46% of the overall Fiscal Year 2027 budget.

Budget Item	Amount Devoted to Schools
Education	\$64,590,018
General Administrative Services (Auditing, Procurement, etc...)	\$317,167
State & County Charges	419,866
Insurance	\$12,915,799
Retirement	\$1,672,050
School Capital Projects, Debt, and Interest	\$23,448,465
School use of City Recreation Facilities	\$113,702
Grand Total	\$103,477,067

WATER AND SEWER ENTERPRISE BUDGETS

The City Council established the Water and Sewer Enterprise Funds in Fiscal Year 1999. The City Council adopted a tiered rate structure to equitably charge each class of customer, encourage conservation, minimize charges on low-income and elderly residents, and provide funding for capital improvements.

The continued utilization of enterprise funds will allow us to demonstrate which portions of the total cost of services are recovered through user charges versus the tax levy. The surplus or retained

earnings, if any, will remain with the fund either to develop reserve funds for system improvements or to offset future rate increases.

The Fiscal Year 2027 Water and Sewer Enterprise Budgets total \$25,320,379, which is an increase of \$2,063,335 above the Fiscal Year 2026 budget. In this budget, these increases are driven principally by assessments from our regional water/sewer authority, the MWRA, and by debt service. We have also reviewed employee allocations between the city and the enterprise funds in the budget this year and have re-allocated a portion of the salaries for certain Department of Public Works employees to the enterprise funds in recognition of the work they perform on the City's water, sewer, and stormwater infrastructure.

FORECASTS FOR FISCAL YEAR 2027 AND BEYOND

Revenue Forecast

Forecasted revenue incorporates the most recent projections from the Assessor's Office, which anticipates a slowdown in non-residential development in comparison with recent years. Future revisions may be necessary in response to changes in the real estate market such as life science lab developments, and from macroeconomic factors such as the federal budget and immigration and trade policy.

Expenditure Forecast

The Expenditure Forecast included within the Fiscal Year 2027 Budget document has departmental expenditures projected to increase 2.5% annually, and education by 4%, from Fiscal Year 2027 through Fiscal Year 2030. While we believe that revised revenue estimates will provide sufficient resources to accommodate projected expenditures, any further downturns may necessitate further reassessments. We continue to monitor these issues and will address potential impacts if necessary during the October 2026 Preliminary Budget Overview.

Debt service will continue to trend upward through FY 2030, especially with the inclusion in this forecast of the planned middle school project. The modest revenue growth anticipated during that period can meet the expected debt service needs but may not be able to simultaneously support annual allocations to stabilization funds in the later years of the forecast, while balancing the budget without impacting service delivery. The administration will continue working with the City Council on timing and cost for the middle school and senior center projects to address these issues. It will be necessary to continue to maintain a fiscally conservative strategy that will allow the City to have financial flexibility to accommodate future operational needs.

CLOSING

In closing, I would like to thank the members of the City's budget team:

- Mark Lang, Management & Grants Specialist
- Megan Langan, City Auditor
- Emily Monea, Deputy City Manager

This document is a product of all our combined work, and I appreciate all that they do.

The goal of the administration and all City departments is to provide the highest level of services to the residents of Watertown while utilizing the taxpayers' dollars as efficiently as possible. The submitted Fiscal Year 2027 Budget is balanced and focuses on achieving the long-term goal of sound financial management and fiscal stability, while reflecting community values and implementing community goals and policy priorities as illustrated in the charter preamble, the Council's Budget Policy Guidelines, the Council's CIP conceptual recommendations, the comprehensive plan, and the City Manager's leadership strategy.

I would also like to thank the department heads and other staff for their invaluable assistance in developing the budget. I look forward to working with the Honorable City Council in finalizing the Fiscal Year 2027 Budget.

CITY OF WATERTOWN

ORGANIZATIONAL CHART

WATERTOWN FISCAL YEAR 2027 BUDGET

CITY OF WATERTOWN

BUDGET POLICY GUIDELINES

Watertown's FY2027 Budget Policy Guidelines As Approved and Ranked by the City Council November 25, 2025

The City Council is adopting these budget policy guidelines pursuant to Section 5-1 of the Watertown Home Rule Charter, and in line with the values and principles outlined in the Charter Preamble. Based on these guidelines, the City Manager will develop budgetary goals and the City budget for Fiscal Year 2027. *Watertown's Ongoing Budget Policy Guidelines Resolution 2012-72, Amending Watertown's Ongoing Budget Policy Guidelines Resolution 2017-84 and Watertown's Ongoing Capital Project Budget Guidelines Resolution 2013-76* are hereby incorporated by reference.

I. COST-SAVINGS/REVENUES

Note: These items were ranked in order of priority by the City Council on December 5, 2025.

The City Council believes that identification of cost savings and/or new revenues should be a precondition to additional expenditures. To this end, in developing the FY27 budget, the City Manager should:

- A. With the uncertainty of the Home Rule Petition on the tax shift, develop a series of strategies to help alleviate the burden on residential property taxpayers.
- B. Continue to pursue the implementation of the Watertown Square Area Plan with the long-term goal of increasing our tax base through the development of multi-family housing and small and medium sized businesses in the Square.
- C. Continue to proceed with the guidelines of the Comprehensive Plan, with the long-term goal to promote a diversified and growing tax base, and a renewed focus on small business, retail corridors, and emerging industry clusters.
- D. Continue pursuing mitigation monies, linkage fees, and/or other measures from larger scale projects.
- E. Require all departments to actively pursue filing applications for all relevant state, federal, and private foundation grant programs.
- F. Actively seek Payment in Lieu of Taxes (PILOT) agreements, or other in-kind services, with each non-profit organization owning or purchasing property in Watertown.

II. PROGRAM ENHANCEMENTS/EXPENDITURES

Note: These items were ranked in order of priority by the City Council on December 5, 2025.

To the extent that resources allow, in light of the financial policies stated above, and adhering to the principle of first identifying cost-savings and/or new revenue, the following program enhancements and, if necessary, new expenditures should receive priority in the FY27 budget. Education program enhancements and expenditures should be considered subsequently in light of the recommendations of the School Committee.

- A. Continue to work collaboratively with the Watertown Public Schools on the comprehensive multi-year educational budget that assures sustainable funding for our schools and the successful education of our children and seek to accommodate a 4% annual increase for FY27 for the Educational appropriation that will provide level-service funding for our schools.
- B. All departmental budgets should prioritize and enhance the ability of the city to implement the strategies and action items in the Climate and Energy Plan.
- C. Continue to build stabilization funds for these five unfunded capital items:
 - Middle School Renovations
 - Senior Center/Recreation Area
 - East End Fire Station
 - DPW Staging Area
 - Watertown Square Plan Implementation
- D. To meet our Climate Plan and Comprehensive Plan goals of allowing people who live and work in Watertown to travel car-free and reduce single-occupancy vehicle trips, continue to work with the Watertown Transportation Management Association and identify sustainable sources of funding for local transit programs in Watertown, including options identified in the recent Study for Improving City-Supported Mobility.
- E. Continue support for the recommendations of the Community Health & Human Services Assessment in the FY27 budget.
- F. Begin the implementation of the assessment of the Public Buildings Department to ensure that the department can meet operational needs, continue environmental improvements in buildings, and fulfill the recommendations of the ADA assessments.

- G. Considering changes to the community, perform an assessment of the police department and the fire department to identify needs, resources, and best practices.
- H. Continue working to identify additional acquisition of land for open space and recreation using the Acquisition of Land/Open Space Stabilization Fund and using proposals submitted to the Community Preservation Committee to fund the development of the land.
- I. Restructure the budget of the Department of Public Works so that it matches the new divisions structure and the operational needs of each division.
- J. Consider re-use of the former north branch library, including exploring use of alternative funds to assist in renovations.

Resolution: Watertown's Ongoing Budget Policy Guidelines

Council Resolution 2012-72 (Adopted on December 11, 2012)

WHEREAS the Town Council adopts budget policy guidelines each year pursuant to Section 5-1 of the Watertown Home Rule Charter, so that the Town Manager can develop budgetary goals and the Town budget for the next fiscal year, and

WHEREAS for the past several years, annual budget policy guidelines have included three sections of ongoing budget practices, namely Section I. FINANCIAL POLICIES, Section II. ONGOING BUDGET PRACTICES, and Section V. BUDGET AND FINANCIAL MONITORING, and

WHEREAS the budget policy guidelines in these three sections have reached a point of maturity whereby they have become standard operating procedure, and do not need to be revised each year.

NOW THEREFORE BE IT RESOLVED that the Town Council of the City known as the Town of Watertown hereby establishes the following budget policy guidelines as permanent policy guidance, to be followed annually:

I. FINANCIAL POLICIES

- A. Unreserved fund balance: In order to respond to emergencies and other unanticipated needs, preserve financial flexibility, and maintain favorable bond ratings, the Town should seek to maintain an unreserved fund balance (including stabilization funds) equal to 7-10% of the annual operating budget. The Council and the Town Manager will work to develop a formal multi-year policy on the unreserved fund balance, including the use of free cash if the unreserved fund balance is above the 7-10% target.
- B. Capital Expenditures: In order to maintain and improve its infrastructure, facilities, and equipment, the Town should seek to make annual capital expenditures (including debt and exclusive of enterprise funds) equal to at least 7.5-8% of the operating budget.
- C. Pension Liability and Other Post Employment Benefits: In order to achieve long term financial stability, meet the Town's obligations to its employees and retirees, and maintain favorable bond ratings, the Council, the Retirement Board and Town Manager will work to address the Town's unfunded pension liability and other post-employment benefits (OPEB). As was done with the unfunded Pension Liability, create a long-range financial plan for addressing the unfunded OPEB liabilities, including the converting the OPEB stabilization fund to an OPEB

Trust Fund. Continue dialog with Retirement Board and State representatives to consider options for pension reforms for new hires.

II. ONGOING BUDGET PRACTICES

- A. Continue the Town's efforts within all departments to obtain grant funding from federal, state, and other sources, including the use college interns.
- B. Continue to analyze the Town's charges for licenses, permits, penalties, and fees to determine whether they should be increased or new ones instituted, while adhering to the principal that fees should not exceed the cost of services provided.
- C. Review the possibilities and cost implications of contracted services vs. staffing in various departments.
- D. Support the possibilities of providing more services on a regional or inter-municipal basis in accordance with the council resolution.
- E. All department heads should seek to identify line items within their existing budgets where costs can be controlled and not increased. Look at other possible scenarios including spending freezes, level dollar and reduction budgets. Review the use of overtime in each department and monitor consistent Town-wide practices and related utilization.
- F. Continue to enhance the Town's website and use other technologies as cost effective means of delivering information and services, increasing public awareness, and encouraging public feedback.
- G. Explore cost savings by sharing personnel across Town departments. Work towards merging or combining the following functions to better serve both Town and School Departments: facilities management, human resources, finance, and information technology.
- H. Meet annually in Executive Session(s) to discuss strategies on pending collective bargaining agreements and the potential impact on upcoming and future budgets.

III. BUDGET AND FINANCIAL MONITORING

- A. In order to improve its ability to monitor the implementation of the Town budget, the Town Council will receive quarterly reports on the revenues and expenditures during the fiscal year.

- B. The Town Council will receive a report on the use and balance of monies in the Council reserve upon each transfer, and a report each month when there is a change in Town Councilors' expense line items.
- C. An early warning system will be used to alert the Town Council if revenues fall below projections.
- D. The Town Council will receive quarterly updates on progress in addressing the recommendations in the annual audit report.

RESOLUTION: AMENDING WATERTOWN'S ONGOING BUDGET POLICY GUIDELINES

Council Resolution 2017-R-84 (Adopted November 28, 2017)

WHEREAS the Town Council adopted Resolution 2012-72 *Watertown's Ongoing Budget Policy Guidelines*, to establish permanent financial policy guidance, and

WHEREAS since 2014 the Town Council and the School Committee have been working on a plan for the renovation or reconstruction of Watertown's school buildings, including submitting Statements of Interest to the Massachusetts School Building Authority, and

WHEREAS at the Fiscal Year 2019 Preliminary Budget Overview presented on October 10, 2017, it was proposed to self-fund a project to renovate or reconstruct three elementary schools entirely within the operating budget, with funds redirected from the retirement appropriation when the pension is fully funded, while also paying down the OPEB liability, and

WHEREAS the value of the debt service required for such school capital expenditures would exceed 8% of the operating budget as stipulated in Resolution 2012-72, and

WHEREAS the Town of Watertown wants a "strong" position for its financial management policies to get the most favorable rates when going to the bond market for such capital expenditures.

NOW THEREFORE BE IT RESOLVED that the Town Council of the City known as the Town of Watertown hereby amends Resolution 2012-72 *Watertown's Ongoing Budget Policy Guidelines*, with existing guidelines I.A and I.B to be deleted in their entirety and replaced with the following language:

I.A. Unreserved fund balance: In order to respond to emergencies and other unanticipated needs, preserve financial flexibility, and maintain favorable bond ratings, the Town should seek to maintain an unreserved fund balance (including stabilization funds) equal to 8-15% of the annual operating budget. The Council and the Town Manager will work to develop a formal multi-year policy on the unreserved fund balance, including the use of free cash, if the unreserved fund balance is above the 8-15% target.

I.B. Capital Expenditures: In order to maintain and improve its infrastructure, facilities, and equipment, the Town should seek to make annual capital expenditures (including debt and exclusive of the school Building for the Future Initiative funding and enterprise funds) equal to at least 7.5-8% of the operating budget.

BE IT FURTHER RESOLVED that this resolution shall be incorporated by reference into the annual budget policy guidelines that are adopted each year.

Resolution: Watertown's Ongoing Capital Project Budget Guidelines

Council Resolution 2013-76 (Adopted December 9, 2013)

WHEREAS the Town Council adopts budget policy guidelines each year pursuant to Section 5-1 of the Watertown Home Rule Charter, so that the Town Manager can develop budgetary goals and the Town budget for the next fiscal year, and

WHEREAS in the Fiscal Year 2014 budget policy guidelines, Attachment A "ADDITIONAL RECOMMENDATIONS ON CAPITAL PROJECTS" was included to use the Town's capital project funds in the most efficient manner, and to improve the efficiency and transparency of the Capital Improvement Program (CIP) process, and

WHEREAS these recommendations have become standard operating procedure for the Town of Watertown, and do not need to be revised each year.

NOW THEREFORE BE IT RESOLVED that the Town Council of the City-known as the Town of Watertown hereby establishes the following recommendations on capital projects as permanent budget policy guidance, to be followed annually:

1. Status of existing capital funds and projects: As part of the January CIP submission by the Town Manager, include from each department, a listing of all existing unspent capital funds (including Chapter 90, developer mitigation, grant funds, etc.) and a status on each project or acquisition, including how and when remaining funds will be spent, effective November 30th.
 - a. Include project funds appropriated by the Town Council to the School Department.
 - b. Include Water/Sewer Enterprise Fund reporting of capital projects & funds as a new section of the CIP separate from the General Fund.
2. Details on new projects: As part of the January CIP submission by the Town Manager, provide details for all items in the CIP that have been previously shown as annual lump sums in a single line.
 - a. Include the School Department's "various school improvements".
 - b. Include "highway reconstruction" and "sidewalk reconstruction", with a forecast of streets to be done each year.

-
- c. Include Water/Sewer Enterprise Fund capital projects as a new section of the CIP separate from the General Fund, with a forecast of streets to be done each year.
 - d. Include transportation or water/sewer and stormwater projects which have or will be proposed in the future, with no funding source yet identified.
3. Coordination Issues Related to Public Works projects: The increasing volume and complexity of public works projects requires a rethinking of how the Town does its planning to maximize the use of capital funds and departmental resources, as well as providing information to the public in a timely, readily accessible fashion.
- a. To this end, the CIP needs to have a five-year forecast of what water/sewer/stormwater, road reconstruction, and sidewalk reconstruction are planned, by specific street, which will:
 - i. Insure that work is sequenced to obtain the maximum life from road and sidewalk reconstruction without major water/sewer work compromising their integrity.
 - ii. Allow utility companies adequate time to plan underground service replacements prior to road and sidewalk reconstruction, to avoid compromising their integrity.
 - iii. Allow time for the Zoning Enforcement Office to notify property owners of non-conforming driveways, while giving the owners adequate time to seek a variance.
 - iv. Allow developers time to plan their projects in coordination with the Town, and avoid digging up newly installed roads and sidewalks.
 - v. Allow abutting homeowners, who may want to pay for granite curbs on streets scheduled for asphalt curbs, time to arrange contracting and payment.
 - vi. Allow time for the Tree Warden to notify abutters who may want a street tree in front of their property, to allow for the placement of a tree pit prior to the installation of a new sidewalk.
 - vii. Provide more transparency to citizens on public works projects and spending.
 - viii. Allow the Public Works Committee or other appropriate committee adequate time to review the proposed work and provide policy guidance on the above as it relates to Watertown's goals.

-
- b. Issues of coordination and timing need to be improved to insure the most efficient use of funds, and bonding of annual street construction projects should be coordinated with bidding such that contractors can begin by April and be completed by November.
 - c. The Public Works Department should address, on an ongoing basis:
 - i. Assure adequate supervisory capacity to eliminate decision bottlenecks and improve timeliness of responses for construction work.
 - ii. Notification to the public of what construction is happening and where and when it will occur must be improved, and should be available on the website and updated regularly.
 - iii. Improve completion of punch list items on projects needs to be improved, including painting of roadway markings, installation of traffic signs, removal of temporary construction signs, cleanup of construction debris, etc.
4. Protection of investments: With millions of dollars being spent each year in Watertown on street and sidewalk construction, the administration should take a more aggressive role to protect the value of these investments to insure that maximum life is obtained from the new surfaces.

BE IT FURTHER RESOLVED that this resolution shall be incorporated by reference into the annual budget policy guidelines that are adopted each year.

Revenue Forecast

Assumptions:

Real Estate and Personal Property taxes are increased by 2.5% per year. New growth is projected to increase to \$2,750,000 for FY 2028 and then increase by \$250,000 in FY 2029 and FY 2030 respectively. Funding for the Optional Tax Exemption for homeowners at 100% over the statutory level is included in the overlay adjustment.

State Aid is based upon the recommendation contained in the Governor's Local Aid Proposal. In subsequent years, State Aid is level funded at the projected FY 2027 amount.

The majority of Local Receipts are projected to remain constant or increase 2.5% annually. Inspection Fees are projected at \$2,750,000 and Investment Income is projected at \$2,760,000 annually through FY 2030.

Hotel Excise is increased by \$50,000 to \$1,300,000 in FY 2027; and increases \$50,000 annually from FY 2028 through FY 2030.

Other Financing Sources reflect transfers; from the Cemetery Perpetual Care Expendable Trust Fund and the Sale of Lots Fund to partially offset the Department of Public Works Cemetery Budget; from the Water and Sewer Enterprise Funds to cover applicable indirect costs; and from the Parking Mater Fund to partially offset the Parking Lots and Meters Budget.

Utilization of Free Cash is recommended at \$3,823,100 in FY 2027, which covers the cost of the tax revenue line items listed within the FY27 – 31 CIP. This method was held constant in FY 2028 through FY 2030.

Transfer from the Capital Projects Stabilization Fund is projected at \$500,000 annually through FY 2030, which represents the current balance of the Fund. Transfer from the ESCO Capital Project Stabilization Fund includes projected funds from departmental energy savings, rebates and grants.

Expenditure Forecast

Assumptions:

Departmental expenditures are projected to increase 2.5% annually from FY 2028 through FY 2030. The Education appropriation is projected to increase 4% annually from FY 2028 through FY 2030. Snow and Ice is projected at \$1,500,000 through FY 2030.

The Waste Disposal appropriation is projected to increase 5% annually from FY 2028 through FY 2030. The current agreement with Republic Services for solid waste and recycling hauling ends June 30, 2028.

State Assessments, exclusive of the MBTA Assessment, are projected to increase 2.5% annually. The MBTA Assessment is projected to increase 2.75% annually.

Health Insurance costs, included within Insurance & Employee Benefits, are projected to increase by 7% annually.

The Preliminary Watertown Contributory Retirement Board Funding Schedule has the Retirement System 96.3% funded as of January 1, 2026. Pension costs are projected to be \$12,013,051 in FY 2027 to return the Retirement System to a fully funded status as of January 1, 2027, and then is projected to be \$1,150,000 annually from FY 2028 through FY 2030.

A long-range financial plan for the pay down of the Unfunded Other Post-Employment Benefits (OPEB) Liability has been created beginning in FY 2020 through FY 2031. Funding of the OPEB Liability is projected at \$2,111,444 in FY 2027, \$2,246,667 in FY 2028, \$2,344,650 in FY 2029 and \$2,128,983 in FY 2030.

Funding of the Building for the Future Debt Service, which includes the Three Elementary Schools, High School, Middle School, Senior Center and Watertown Square Projects is projected at \$22,849,000 in FY 2027, \$23,003,333 in FY 2028, \$26,405,350 in FY 2029 and \$31,221,017 in FY 2030.

Debt figures are from current and projected future debt as listed in the FY 2027 – FY 2031 CIP / Debt Projection Table of the Capital Improvement Program. The level of projected debt may change pending decision on various projects that are listed within the Proposed FY 2027 – 2031 Capital Improvement Program. Street and Sidewalk Improvements are projected to increase 5% annually.

Transfer to the Acquisition of Land/Open Space Stabilization Fund is projected at \$2,500,000 in FY28 and then \$1,250,000 annually from FY 2029 through FY 2030. Transfer to the Affordable Housing Trust Fund is projected at \$250,000 annually from FY 2027 through FY 2030.

CITY OF WATERTOWN

SUBMITTED GENERAL FUND BUDGET

Fiscal Year 2027

City Council

Department Description

The City Council is the City's legislative branch. Members are elected every two years. Five members, including the City Council President, serve at-large, and four members represent individual districts.

The Council adopts legislation, sets policy, and appoints the City Manager to serve as the chief administrative officer of the City. The Council also appoints the City Auditor and employs a full-time policy analyst and a part-time clerk.

Significant Level-Service Budget Changes

- Increases the Transfer to Other Funds line so that City events such as Pride and Faire on the Square can be funded without requiring city staff to solicit sponsorships.
- Funds the City Council Reserve Fund at \$2,800,000 to ensure adequate funds for unanticipated needs and to address uncertainty in budgeting and costs.

City Manager

Mission

The mission of the City Manager's Office is to oversee the proper administration of all City affairs placed under the City Manager's charge by Watertown's Home Rule Charter. Under the direction of the City Council, the City Manager seeks to provide the City with ethical, professional, and collaborative leadership to ensure the City provides the public with quality services.

Department Description

The City Manager is the chief administrative officer of the City and is charged with carrying out the City Council's policies and overseeing day-to-day operations. The City Manager is responsible for the management of all department heads who do not otherwise report directly to an elected body. The City Manager's Office works to turn City Council policies and objectives into operational procedures that departments can implement. The City Manager leads the City's long-term strategic planning to ensure that all departments are working in a coordinated manner toward shared goals.

The City Manager's Office plays a central role in financial planning. The Office oversees the creation of the annual budget and the Capital Improvement Plan and presents both documents to the City Council for their review and approval. The Office also provides support to all City departments to help them find and apply for grant opportunities.

The City Manager's Office is home to the Communications Team. The Communications Team advises on City communications strategy and maintains the City's website and social media pages. The Team also provides opportunities for community engagement and assists departments with translation and interpretation services.

Organizational Chart

Department Goals

- To support all City departments in their implementation of the City-wide goals.
- To implement the priorities of the City Council, as expressed in the annual Conceptual Recommendations for the Capital Improvement Plan and Budget Policy Guidelines.
- To provide timely and important communications and engagement opportunities to the public through a variety of channels.

Recent Accomplishments

- Developed and worked with the City Council to adopt Watertown's first Administrative Code, creating a comprehensive, centralized guide to the City's governmental structure and key processes.
- Supported the Human Services Director in establishing the Human Services Department by continuing to integrate key functions—including veterans services—and creating a critical Assistant Director role.
- In accordance with the City Council's goals, developed a Capital Improvement Program that accommodated the increased cost estimates for the Watertown Middle School project, while also planning for a new Senior Center, improved East End Fire Station, and the Watertown Square project.
- Continued implementing the Watertown Square Area Plan, which included starting the streetscape design work to simplify the downtown intersection and increase safety for all modes of transportation, as well as kicking off the Demonstration Project and Revitalization Plan to address community-driven needs such as housing and economic development.
- Orchestrated successful negotiations with all six City unions, resulting in collective bargaining agreements that strengthened alignment and consistency in compensation practices. Modernized the Fire Union compensation framework to reduce complexity, enhance member understanding, and create more consistent fiscal impacts for the City.
- Adopted a set of City goals informed by the Preamble of the Watertown's Home Rule Charter. Worked with departments to form department-level goals in service of the City goals.
- Appointed 63 residents to 24 different boards, committees, and commissions in Calendar Year 2025.
- Appointed residents to the Watertown 400th Anniversary Advisory Planning Committee to advise the City Manager, staff, and community stakeholders to envision, plan, and guide the 400th celebration of Watertown in 2030.
- Expanded the second year of Watertown's Civics Academy, increasing enrollment and adding a seventh week of programming.
- Continued efforts to create a coherent brand for the City of Watertown, including the implementation of a formal branding guide, standardized letterhead and email signatures, and a digital restoration of the original City seal.

Plans for Fiscal Year 2027

- Continue work on the Watertown Square project to improve transportation infrastructure, increase housing stock, and further the City's sustainability goals.
- Continue to advance the City Council's capital development priorities as identified in the Fiscal Year 2027-2031 Capital Improvement Program.
- Complete the Senior Center Feasibility Study and initiate discussions with the City Council about location selection and design.
- Complete the assessment of the Department of Public Buildings and begin discussions with the City Council about implementing the study's recommendations.
- Initiate a staffing assessment of the Police and Fire Departments.
- Advance implementation of the City's resource management platform to further integrate the City's budget development and position control systems.
- Work with departments to begin publishing performance measures to show the progress made on department goals.
- Increase reach across communications platforms, including but not limited to social media, newsletters, and website, to reach residents where they are.
- Produce additional digital communication content, such as podcasts and videos, to reach residents with the information they need creatively.
- Continue to maintain and grow Watertown's language access program for both document translation and on-demand interpretation.
- Continue to implement policies to make the City of Watertown an employer of choice.

Significant Level-Service Budget Changes

- Reduces Communications and City Report lines to better reflect anticipated expenses.
- Increases City Contribution to Watertown Cable Access Corp to \$4,000 for their services in broadcasting public meetings. Cable Access spends over \$100,000 per year to broadcast these meetings. As franchise fees from cable providers have been declining in recent years, the City may need to keep covering more of these costs so that the Cable Access Corporation can continue to provide their broadcasting services for city meetings.
- Reclassifies the Community Engagement Specialist to be the Director of Communication & Community Engagement and the Digital Media Manager to be the Digital Media Specialist. With these reclassifications, the Digital Media Specialist will report to the Director of Communication & Community Engagement.

Auditing

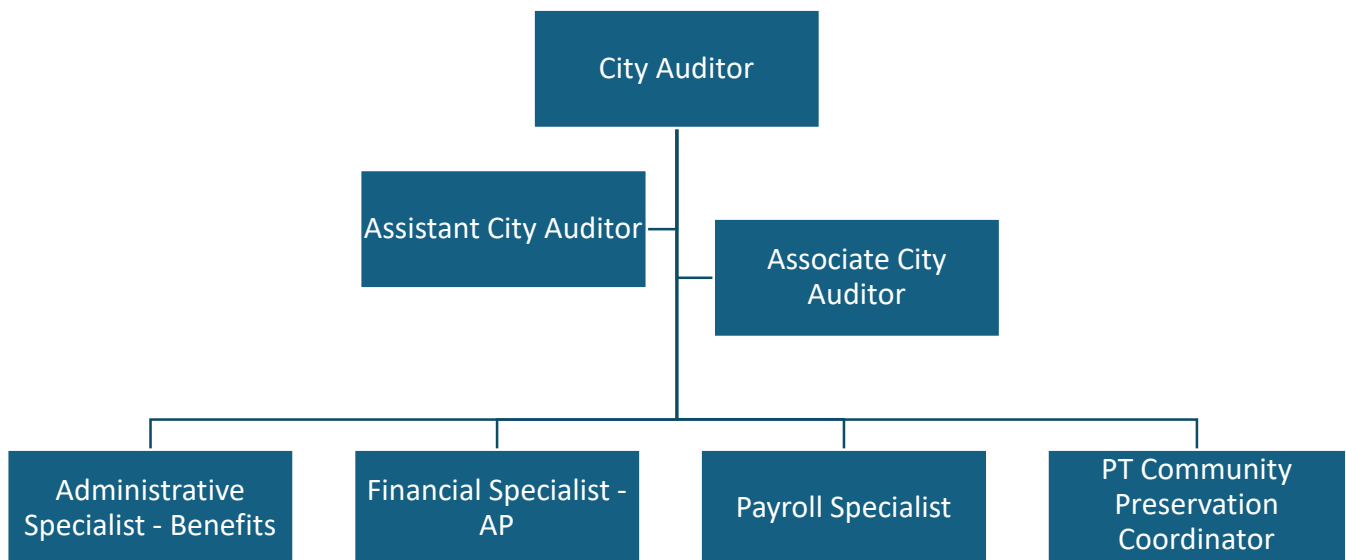

Mission

The mission of the Auditing Department is to deliver the highest quality services to City taxpayers, employees, and retirees by maintaining the City’s payroll, employee benefits, and accounts payable. This is done in conjunction with presenting a complete and accurate statement of the City’s financial condition.

Department Description

The Auditing Department has five main functions. The Financial Specialist administers the accounts payable process for the City. The Payroll Specialist oversees the processing of payroll for all City and School employees. The Administrative Specialist manages the provision of benefits for all employees and retirees. The Community Preservation Coordinator provides staff support to the Community Preservation Committee (CPC) and supervises the expenditures of funds under the Community Preservation Act. The Auditor, Assistant Auditor, and Associate Auditor are responsible for maintaining financial statements and audit reports and for implementing City budgets. The City Auditor is appointed by the City Council and is responsible for complying with all Massachusetts General Laws as they relate to municipal finance and the powers and duties of the City Auditor.

Organizational Chart

Department Goals

- To Manage City funds responsibly in accordance with prudent financial policies and all applicable laws
- To ensure the accurate and timely payment of all vendors and City employees.

Recent Accomplishments

- Completed Fiscal Year 2024 and Fiscal Year 2025 Audits, putting the city back on schedule with annual audits completed within the following fiscal year.
- Gained 07/01/2025 free cash certification of \$33,053,221.
- Filled the position of Administrative Specialist for Benefits which has made the department fully staffed.

Plans for Fiscal Year 2027

- Continue to fund Other Post-Employment Benefits (OPEB) Trust Fund with a 2031 target for full funding.
- Collaborate with the City Manager's Office and the Treasurer to develop a strategy and timeline to fund the Middle School and Senior Center projects within the confines of Proposition 2 ½.

Significant Level-Service Budget Changes

- Provides an additional \$3,800 between In State Travel, Conference Expenses, and Staff Development for employee professional development opportunities. Reduces Out of State Travel by \$500.

Additional Budget Requests

- None

Procurement

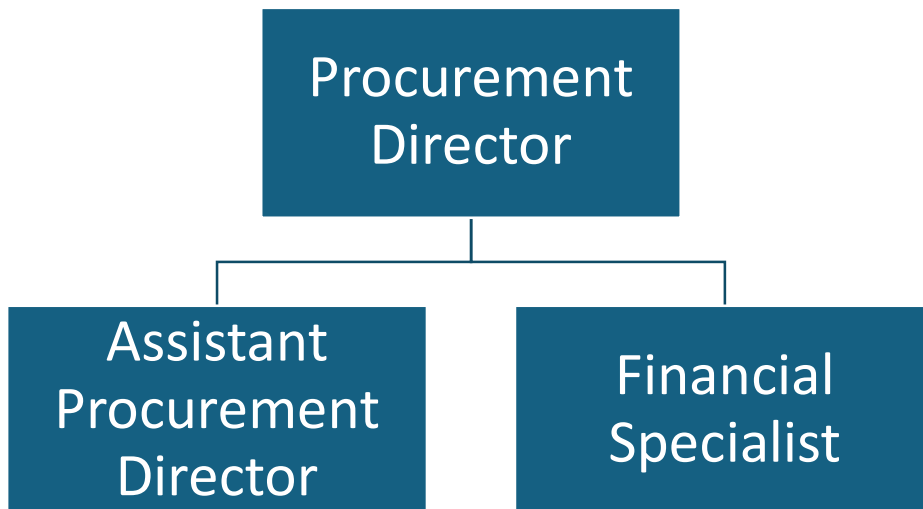

Mission

The mission of the Procurement Department is to ensure that all purchases are made in accordance with Massachusetts state law using an open, fair, and competitive process to deliver goods and services in a cost-effective manner to foster sustainable options for the current and future benefit of the City. To accomplish this goal the department implements and administers the City’s central procurement process.

Department Description

The Procurement Department is responsible for ensuring the efficient and cost-effective acquisition of quality products and services in accordance with state and federal procurement laws. The core functions of the department include continuous development of the procurement process, management of formal bid solicitations, vendor contract management, management of the City’s purchase order and postage systems, and the disposition of surplus property.

Organizational Chart

Department Goals

- To assist departments in navigating the procurement process to ensure City resources are used efficiently and in compliance with the law.
- To actively monitor contracts to ensure the City can effectively anticipate and plan for future spending needs.

Recent Accomplishments

- Implemented a digital contract management system to interface with the City's accounting system.
- Launched an online request form for departments to request contract change orders and for public procurement requests.
- Began using a digital project planning tool that provides an interactive collaborative space, as well as a digital bid hosting and opening platform.
- Implemented city-wide procurement policy and procurement process training program for staff.
- Improved contract templates to remain in compliance with Massachusetts General Laws.

Plans for Fiscal Year 2027

- Continue to develop procurement training and digital platforms training program.
- Continue to improve and utilize MUNIS contract database and implement contract execution process within the system.
- Continue to improve and implement procurement systems and processes.

Significant Level-Service Budget Changes

- Reduces the Equipment Maintenance Line by \$18,500 as the City now contracts out for the provision and maintenance of copier machines and this expense is paid out of the Information Technology Department budget.
- Reduces the Advertising line by \$10,000 to reflect anticipated decreases in the cost of advertising bids.
- Provides an additional \$40,000 in the Contracted Services line for the cost of the City's new online procurement system.
- Increases the postage line due to continued cost escalation.

Additional Budget Requests

- None.

Capital Budget Items

- Eliminates the Replacement of Equipment capital line as the City now contracts out for the provision and maintenance of copier machines and this expense is paid out of the Information Technology Department budget.

Assessing

Mission

The mission of the Assessing Department is to deliver the highest quality services to City taxpayers by establishing fair and equitable assessments on all real and personal property in conjunction with maintaining complete and accurate assessment rolls and property records.

Department Description

The Chief Assessor/Chair of the Board of Assessors, Assistant Assessor, and Associate Assessor are responsible for the valuation of all property and maintenance of all property records. The Board of Assessors is responsible for committing all real estate, personal property, and motor vehicle excise bills to the Treasurer/Collector. The Board of Assessors also reviews and acts on applications for real estate and personal property tax abatements and for statutory exemptions. The Financial Specialists oversee the administrative function of reviewing deeds, maintaining ownership records, processing exemptions, taking Board of Assessor minutes, and abating motor vehicles excise taxes. The Assessing Department is also responsible for the calculation and certification of new growth, which is added to the tax levy each year.

Organizational Chart

Department Goals

- To minimize the City's financial liability by continually analyzing and refining best practices.
- To provide excellent and timely customer service while conducting inspections, processing abatements and exemptions, and communicating with taxpayers.

Recent Accomplishments

- Testified at State House on Home Rule Petition that would allow Watertown to collect up to 50% of taxes from the commercial class, thereby maintaining a shift up to 175% from residential class to commercial class for fiscal year 2027 and beyond.
- Recollected all Personal Property accounts in compliance with Department of Revenue directives.
- Resolved all outstanding Appellate Tax Board cases arising from Fiscal Year 2025 revaluation.
- Participated in Civics Academy, educating residents on the functions of the Assessing Department and receiving highly positive feedback.

Plans for Fiscal Year 2027

- Meet the ten-year plan for all cyclical inspections coming from the Fiscal Year 2025 Department of Revenue’s revaluation directives.
- Monitor developments at State House on Watertown’s Home Rule Petition and be available to testify and answer questions regarding petition.
- Act on all abatement applications within 90 days.

Treasurer/Collector

Mission

The mission of the Treasurer/Collector Department is to serve employees, vendors, and taxpayers of the City of Watertown in a fair, consistent, and professional manner. The department seeks to manage the City's money in a way that maximizes income while minimizing risk.

Department Description

The Treasurer/Collector Department is responsible for the billing, collecting, reporting, and enforcement of municipal taxes, water-sewer bills, and parking tickets for the City. The department also ensures the City's fiscal stability by managing collected funds, overseeing the City's cash flow, conducting debt and investment activities, and safeguarding municipal financial assets. All bank accounts, trust fund accounts, and bequests are maintained by the department and are reconciled regularly. The department prepares all necessary documents for temporary borrowing and for issuing bonds. Records are kept on all municipal debt and payments on debt are made when due.

The Treasurer/Collector also accounts for all properties that are in Tax Title and processes payments on these accounts. When these accounts remain delinquent, the Treasurer/Collector oversees Tax Foreclosure proceedings through Land Court.

Organizational Chart

Department Goals

- To manage the City's financial resources responsibly by maintaining an appropriate balance of liquidity, security, and investment return.
- To provide excellent customer service by offering timely, accurate, and courteous assistance to members of the public paying or inquiring about their bills.
- To process and deposit payments and departmental turnovers quickly, accurately, and in accordance with established financial procedures.

Recent Accomplishments

- Coordinated bond issue of \$55,440,000 while maintaining S&P Bond Rating of AAA.
- Worked in coordination with Assessing to ensure timely and accurate quarterly bill production.
- Kept up with demands of the department despite having a vacancy in the Treasurer/Collector position between January and May of 2026.

Plans for Fiscal Year 2027

- Balance cash and receivables with the Auditor on a quarterly basis.
- Continue to monitor and manage City funds to ensure optimal return on investment.

Significant Level-Service Budget Changes

- Reallocates funds between various expense lines without increasing the total non-salary budget.

Human Resources

Mission

The mission of the Human Resources Department is to establish and maintain an equitable personnel system that promotes the efficiency and economy of government, the morale and well-being of city employees, and equal employment opportunity for all employees and candidates for employment.

Department Description

The Human Resources Department is committed to recruiting, selecting, and developing employees on the basis of their abilities, knowledge, and skills. The Department seeks to implement policies and to foster a culture that helps the City of Watertown to attract and retain qualified employees. To ensure high-quality performance in delivering services to the public, the Department helps to train employees to expand their skillsets. The Department also works to prohibit discrimination against employees and candidates on the basis of non-merit factors throughout all aspects of personnel administration. Additionally, the Human Resources Department ensures that all employees of the City carry out their duties in an ethical and professional manner.

Organizational Chart

Department Goals

- To find and hire the best workforce to fulfill the goals of the City through a consistent and fair hiring process.
- To ensure the City remains an employer of choice by providing employees with wellness programming and professional development opportunities, and by fairly apply policies.

Recent Accomplishments

- Hired 55 permanent part-time and full-time employees in Fiscal Year 2025. As of April 2026, hired 30 permanent part-time and full-time employees in Fiscal Year 2026.
- Conducted Communication and Recognition Survey to gather employee input on how to improve communication between employees, supervisors, and management.
- Started the Chats and Snacks program to provide employees with educational presentations about City departments and projects.

Plans for Fiscal Year 2027

- Complete Employee Handbook to include policies in one convenient place for employees to reference.
- Establish and implement a performance evaluation system to provide feedback to employees and develop professional goals.
- Encourage employees to pursue professional development and training opportunities whether hosted by the City or outside the organization.
- Establish an orientation week for new hires and current staff to learn more about the City organization as a whole.
- Continue to build out MUNIS to streamline and automate personnel processes.
- Continue to develop and implement practices and policies to become an employer of choice.

Significant Level-Service Budget Changes

- Increases Contracted Services to \$61,780 to fund promotional assessment centers for the Police Department since the department no longer participates in the civil service system.
- Increases Medical Testing line to \$50,500 to cover the cost of psychological exams for public safety personnel.

Additional Budget Requests

- Funds request to provide \$20,000 for unique professional development opportunities for City staff that are not budgeted for within department budgets.
- Funds request to provide \$3,000 for a trial program to provide City staff with passes to use BlueBikes. This program will provide employees with more opportunities to travel and commute without the use of a car, consistent with Council Budget Policy Guideline II.D.

Information Technology

Mission

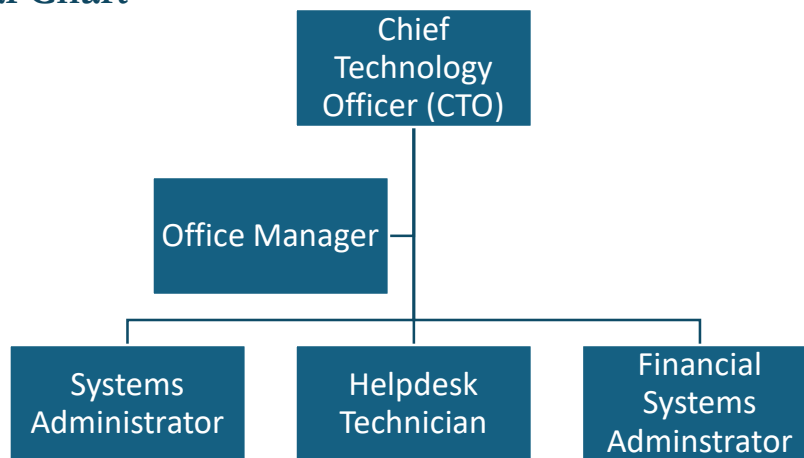

The mission of the Information Technology Department is to empower organizational success by delivering innovative, reliable, and secure technological solutions. The department strives to provide exceptional service while enabling seamless communication and collaboration. The department aims to enhance productivity and support the organization’s goals in an ever-evolving technological landscape through proactive problem-solving.

Department Description

The Information Technology (IT) Department is responsible for managing most of the City’s technology systems, services, and infrastructure. The Department also oversees the planning, development, and implementation of technology projects. All of the Department’s practices are guided by IT governance principles to ensure the City uses technology effectively.

IT responsibilities are split among specialized teams to ensure efficient operations, security, and support for all technology needs citywide. The Chief Technology Officer oversees all the Department’s operations and provides the City with IT leadership. Infrastructure and operations staff manage the City’s hardware, network, cloud infrastructure, software, and security systems. IT support and helpdesk staff assist all departments by responding to issues involving technology systems, networks, and devices. The Department is also responsible for following and implementing cybersecurity best practices to protect the City’s IT systems and devices from digital threats and unauthorized access.

Organizational Chart

Department Goals

- To maintain, update, and secure the City's physical and digital technological infrastructure.
- To work with departments to find and implement software solutions that enable them to efficiently conduct the public's business.

Recent Accomplishments

- Improved City cybersecurity by completing a cybersecurity exercise, which in turn assisted with the creation of cybersecurity policies and an incident response plan. Implemented cybersecurity awareness trainings for City staff.
- Successfully transitioned most City departments to Zoom phone, offering better functionality for staff and cost savings.
- Reduced the number of stand-alone desktop printers across City departments and successfully transitioned all copier machines to a more efficient lease model.

Plans for Fiscal Year 2027

- Continue to explore ways to consolidate services to reduce overall IT costs.
- Offer Microsoft Office suite training to staff so they can more efficiently utilize tools to which the City already has access.
- Implement a vulnerability scanning and remediation program to improve cybersecurity.

Significant Level-Service Budget Changes

- Does not fund the Network Manager position, reducing department headcount by one and reducing the department's Full Time Salary line.
- Reallocates funds between Computer Maintenance, Contracted Services, and Communications to more accurately reflect the expenses that are covered by each line.
- Reduces In State Travel, Out of State Travel, and Conference Expenses by a combined \$3,000.

Additional Budget Requests

- Funds the request for \$225,000 for the Contracted Services line to move the City's Enterprise Resource Planning software (MUNIS) into the cloud. This move will make it easier for employees to access the software while also increasing security and reducing the risk of data loss.

Capital Budget Items

- Provides \$153,000 for equipment (lines 62-63 in the Fiscal Year 2027-2031 CIP).

City Clerk & Elections

Mission

The mission of the City Clerk's Office is to perform key statutory duties under Massachusetts General Laws (MGL) and provide essential services to residents, businesses, and visitors. The department is committed to providing professional non-partisan administration of all municipal elections and to serve as the City's leading resource for information, ensuring that government processes remain open, accurate, and accessible to all.

Department Description

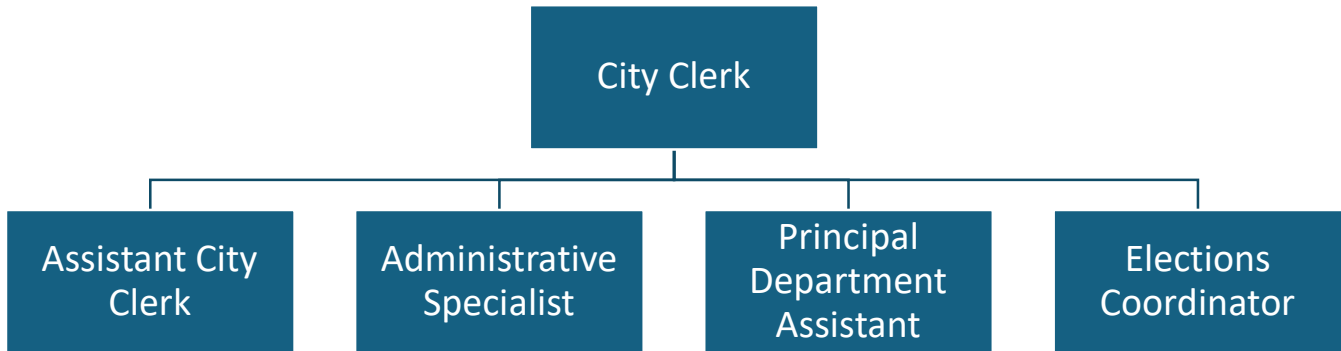

The City Clerk's Office administers a wide range of municipal services. The City Clerk serves as Keeper and Registrar of Vital Records, maintaining and certifying birth, marriage, and death records, and as Records Access Officer, managing all public records requests. The Clerk maintains the City Seal and administers oaths of office to elected and appointed officials, board members, and public safety personnel.

The office issues state and local licenses, permits, and certificates, and serves as liaison for ethics training and conflict-of-interest disclosures. It processes initial personal and property claims, maintains subdivision and zoning records, records Zoning Board of Appeals and Planning Board decisions, and ensures proper posting of meeting notices. The office also supports the Licensing Board by reviewing applications, coordinating hearings, and ensuring regulatory compliance.

As Chief Election Officer, the City Clerk conducts all municipal elections, overseeing voter registration, ballot preparation, early voting, poll worker training, and certification of results. The office ensures polling sites are accessible and compliant, and administers campaign finance filings, nomination papers, and petitions.

Additionally, the office manages the annual census and street listing, verifying residency for permits, school enrollment, and residency certificates. Election-related functions are funded through the Elections budget.

Organizational Chart

Department Goals

- To provide responsive customer service to residents and businesses requesting records, licenses, certificates, or permits.
- To professionally administer free and fair elections so that all eligible voters can participate.
- To safeguard vital records and the City’s official and historical documents to ensure their integrity and accessibility for current and future generations.

Recent Accomplishments

- Ensured compliance with state guidelines in the filing of necessary annual reports with the appropriate state agencies.
- Conducted the annual renewal process for all applicable licenses, permits, and certificates.
- The City Clerk completed the necessary training for Certified Municipal Clerk designation.
- Successfully moved polling locations to reduce parking challenges and improve accessibility.

Plans for Fiscal Year 2027

- Upgrade to archival-grade storage for Vital Records.
- Participate in training, workshops, and certification programs to build skills and confidence.
- Create a training guide for all positions and pursue training opportunities for all staff.
- Digitize the application and approval workflow for local licenses to reduce processing time.

Community Development and Planning

Mission

The mission of the Department of Community Development and Planning is to address some of Watertown's greatest challenges by being responsible for planning, developing, overseeing, and coordinating activities that further the city's goals. Through the development of a variety of comprehensive long-range plans, the department helps create a collective vision for the future of Watertown. The department values engagement with the community as it works to turn policy direction and vision into executable strategies, ordinances, and plans.

Department Description

The Department is led by the Assistant City Manager for Community Development and Planning and consists of three divisions and three teams:

Inspectional Services Division – Accepts permit applications and reviews and issues building, plumbing, and electrical permits. Ensures that all applicable codes are appropriately followed.

Community Design Division – Addresses design-related issues with a focus on open spaces, streetscapes, preservation, and public art & culture. Coordinates economic development efforts with a focus on small businesses, commercial corridors, and emerging industry clusters.

Planning & Zoning Division – Processes all planning-related permits and addresses housing, transportation, zoning and related City policies. Serves as primary staff to Planning Board, Zoning Board of Appeals, Historic District Commission, Affordable Housing Trust, and Bicycle & Pedestrian Committee.

City Events/Commander's Mansion Team – Oversees city-wide events that foster community engagement and spirit. Administers the marketing, sales, and operations for public and private events held at the Commander's Mansion.

Sustainability Team – Coordinates efforts to implement the Resilient Watertown Plan, including efforts within City government to reduce impacts and incorporate adaptive strategies, as well as bringing these efforts to the general public. Provides staff support to the Conservation Commission, the Stormwater Committee, and the Environment and Energy Efficiency Committee.

Zoning & Code Enforcement Team – Provides guidance to property owners regarding compliance with the Zoning Ordinance and other codes, enforces ordinances and board decisions, and provides staff support to the Zoning Board of Appeals.

Organizational Chart

Department Goals

- To develop and implement long-range plans that strengthen and preserve the City's quality of life.
- To ensure that Watertown is defined by thoughtful design—where buildings, streets, and public spaces are crafted to inspire, connect, and endure by fostering a sustainable, cohesive, walkable, and inspiring built environment.
- To provide predictable, timely, and fair permitting processes and code enforcement.
- To build strong relationships with all members of the community through transparent and robust planning programs to ensuring access for all voices.

Recent Accomplishments

- Began implementation of the Watertown Square Demonstration Project. Consultants have been working on the design aspects of the demonstration project and the engineering design of the public realm improvements.
- Completed development review and approval of the first projects under the Watertown Square Zoning amendments.
- Completed the Study of Affordable Housing Incentives.
- Contracted with a consultant to study the Curbside Management and Parking Plan for the City.
- Brought on a new contractor for the Watertown Connector Shuttle service and incorporated the Arsenal Street service using all electric vehicles.
- Successfully implemented additional snow shoveling ordinance enforcement covering residential properties.
- Launched a Resilient Watertown newsletter designed to connect and inform residents of positive ways they can contribute to the efforts to reduce climate impacts and to become more resilient.
- Worked on planning and construction of numerous open space projects, including Saltonstall Park, Lowell Park, Victory Field, Walker Pond, How Park, and Bemis Park.
- Received numerous grants to fund projects across the department.
- Ran a number of successful community events, including the 26th Faire on the Square.

Plans for Fiscal Year 2027

- Relocate the entirety of DCDP to newly renovated space at the Parker Building, including new public meeting space.
- Rewrite the remainder of the Zoning Ordinance to both update and address ongoing issues, including updated Accessory Dwelling Unit regulations. Ensure zoning is consistent with the goals of the Comprehensive Plan per Budget Policy Guideline I.C.
- Implement the Watertown Square Plan with both engineering and landscape design services, as well as an Urban Revitalization Plan to explore how to best leverage public and private interests to make the Watertown Square Plan a reality, consistent with Budget Policy Guideline I.B.
- Implement key goals of the Climate and Energy Plan, consistent with Budget Policy Guideline II.B., including consideration of a Building Emissions Reduction and Disclosure Ordinance.
- Create additional public art in prominent locations.
- Introduce new and expanded community events.
- Continue to diligently review and enforce our rules, regulations, and codes.
- Complete park projects at Victory Field Phase II, How Park, Bemis Park, and continue planning for park projects at Walker Pond and Victory Field Phase III.

Significant Level-Service Budget Changes

- Moves Community Preservation Committee staff member to the Auditing Department.
- Provides an additional \$200,000 to cover expenses for the Arsenal Street Shuttle as operational control shifts to the City and the Watertown TMA, consistent with Budget Policy Guideline II.D.
- Increases Contracted Services to \$350,000 to fund consultant services for studies including a Curbside Use/Parking Study. Funds will also be used for an update of the Zoning Ordinance and Historic Preservation Plan, as well as for BlueBikes and other transportation improvements consistent with Budget Policy Guideline II.D.

Constituent Services

Mission

The mission of the Constituent Services Department is to provide excellent customer service to Watertown's residents. The department aims to be transparent, accountable, and efficient by using the best practices and technology available. With a focus on clear communication and listening to residents, the department's goal is to exceed expectations, positively impact the public, and ensure that customer service in City government is Accurate, Courteous, and Easy (ACE).

Department Description

The Constituent Services Department is home to Watertown's 311 Service Center, a vital resource that helps City departments operate more efficiently by allowing them to focus on their core responsibilities while remaining responsive to resident needs. The 311 team ensures that services are delivered accurately and consistently across the city, enhancing the quality of life for all Watertown residents. The department answers all incoming calls to 311 and the City Hall main phone number, as well as all emails directed to the City. Additionally, the department oversees SeeClickFix, the constituent request system that handles all non-emergency service requests submitted by residents.

The department serves as the primary data collection center for the City by monitoring and analyzing resident complaints and requests for information. The Constituent Services Department also works closely with the communications staff in the City Manager's Office to ensure timely and consistent messaging to constituents. This work includes managing the City's Emergency Notification System, which provides urgent updates on weather emergencies, safety hazards, emergency declarations, and critical utility issues like neighborhood water main breaks.

Organizational Chart

Department Goals

- To provide excellent customer service and serve as the public’s first point of contact in City government.
- To track trending inquiries and utilize this data for City communications.
- To proactively communicate so that the public receives timely and important information without having to ask.

Recent Accomplishments

- Completed over 11,000 incoming calls, 3,400 outbound calls, and responded to over 1,700 emails since the start of Fiscal Year 2026.
- Rolled out text messaging as an additional method of communication in March of 2026.
- Trained multiple City departments on the City’s Customer Service Standards. These standards define the level of service the City aims to provide to the public to ensure consistency, efficiency, and customer satisfaction.
- Implemented a new Customer Relationship Method platform. This platform captures better call data, including dashboards for managing and using technology to simplify the after-call process.

Plans for Fiscal Year 2027

- Continue to coordinate employee training across the organization to ensure that all departments continue to meet the City’s Accurate, Courteous, and Easy (ACE) customer service standards.
- Expand communication channels for constituents through additional options, such as a chat bot, and increase in-person engagement opportunities.
- Explore additional resources for our constituent request system, to enhance the experience of submitting non-emergency requests.

- Work with departments to implement service level agreements on request types.

Significant Level-Service Budget Changes

- Reallocates \$1,000 Office Equipment line to a new Office Supplies line to better reflect anticipated expenditures.
- Reduces Contracted Services line by \$4,000.
- Reallocates funds between the Out of State Travel, Conference Expenses, and Staff Development line to match anticipated costs for each of these lines.
- Provides \$500 for membership dues for professional organizations.

Parking Lots and Meters

Department Description

The Parking Lots and Meters budget is managed by the Treasurer/Collector Department. Two full-time Parking Enforcement Officers enforce the City's parking regulations by recording parking violations and issuing parking tickets. The Traffic Supervisor in the Police Department manages the day-to-day assignments of the Parking Enforcement Officers. The Parking Lots and Meters budget also funds a part-time employee to repair and collect payments from parking meters.

Significant Level-Service Budget Changes

- Reallocates the \$14,500 that was in the Replacement of Equipment capital line to a new Program Supplies line to better reflect the expenses covered with these funds. Increases funds for this line by an additional \$500.

Additional Budget Requests

- None.

Public Buildings

Mission

The mission of the Department of Public Buildings is to develop, manage, repair, improve, and support well-maintained City and School facilities to provide the highest quality service in a responsive and efficient manner. The department is responsible for keeping approximately one million square feet of building space safe, accessible, functional, inviting, and energy efficient while protecting Watertown's historic heritage and city pride.

Department Description

The Department of Public Buildings (DPB) maintains over one million square feet of building space within 20 City and School buildings. The Director of Public Buildings oversees the department and reports to both the City Manager and the Superintendent of the Public Schools. The department consists of four divisions, each with an Assistant Director responsible for the division's functions.

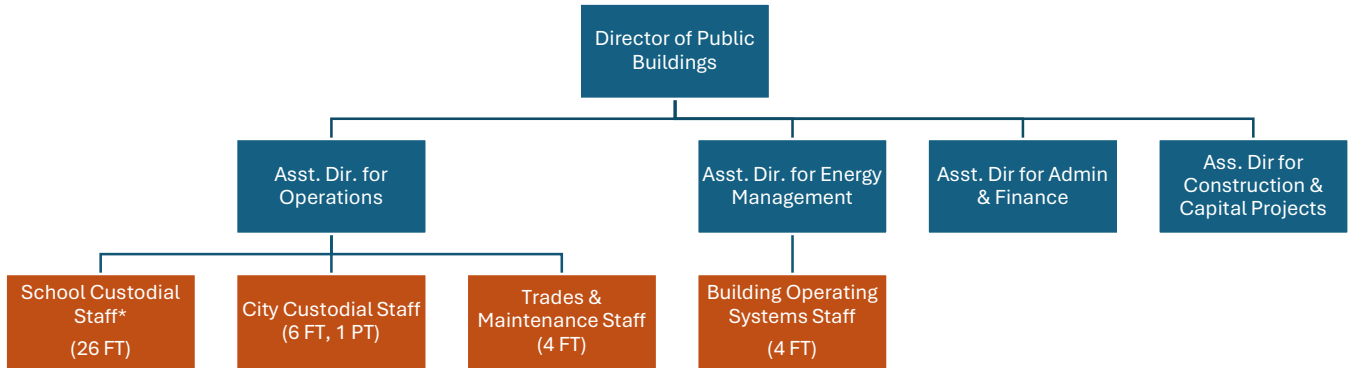

Operations – Provides custodial and maintenance repair services for all buildings. The division has internal trades staff who complete building repairs and 32 custodians who maintain the interiors of all the buildings DPB manages. The division also utilizes over 300 outside contractors and vendors to assist with the various building maintenance requirements.

Energy Management – Implements energy controls and conservation measures, helping City and School buildings to operate efficiently and meet sustainability goals. The division also promotes energy efficiency measures throughout the community and completes the annual Green Communities report. The energy staff are continually seeking rebates and grant opportunities to support their efforts to assist with meeting the City of Watertown Climate goals.

Construction and Capital Projects – Oversees the planning and implementation of capital improvements. DPB oversees the majority of capital projects valued at under \$1.5 million with internal project staff. Any projects over \$1.5 million would be considered for an external Owner's Project Manager (OPM) to be hired for oversight of these larger projects.

Finance and Administration – Oversees all administrative functions for the department including payroll, purchase order creation, invoice processing, budgeting, and hiring.

Organizational Chart

*School custodial staff are funded out of the Public Schools budget.

Department Goals

- To maintain, repair, and update City buildings so they are welcoming and accessible to employees and the public.
- To plan and manage City building capital projects to ensure they are properly budgeted for and implemented.
- To improve the energy efficiency of City facilities by monitoring systems and implementing energy-efficiency projects and policies.

Recent Accomplishments

- Replaced the HVAC rooftop units at the Watertown Free Public Library and installed a new Building Management System to improve control of the building's temperature.
- Completed the Auditing office suite renovations and moved the staff into their new space on the first floor of City Hall so that all financial services are now located on the same floor.
- Worked with Procurement to expand our ability to charge electric vehicles with the purchase of a portable battery system to fast charge our growing electric fleet in any location throughout the city as well as designed additional permanent level 2 and level 3 charging infrastructure improvements at the Police Station.
- Purchased two new Ford e-transit electric vehicles along with an all-electric Chevy Blazer for DPB staff to continue to support our climate goals.
- Installed sunshades at the Hosmer Early Steps playground to provide much needed shade to the pre-k students.
- Provided electric and water service at Phillips for the new Freight Farm for fresh produce to be grown by the CTE students and used by the School Food Service department as well as to support many community uses throughout the city.
- Designed and began the installation of a generator at Phillips to provide backup support for the school network during storms and power outages.

Plans for Fiscal Year 2027

- Complete assessment of department operations to evaluate and identify the proper level of staffing needed to maintain the one million square feet of building inventory overseen by the department.
- Install additional electric vehicle chargers at several locations throughout the city.
- Assist with coordinating move to the new High School and establish work with OPM to have building ready for occupancy in the summer.
- Design replacement of HVAC systems at Phillips, DPW, Senior Center, Parker, and City Hall.
- Participate in the Middle School project design and implementation. As part of this, maintain the Moxley modulars for future use by middle school students.
- Work with the City's Owner's Project Manager and Senior Center Building Committee to complete the Senior Center Feasibility Study.
- Complete Parker Building renovations to the second floor Community Development and Planning space and the first floor Watertown Food Pantry space.
- Work with Procurement to put out bids for City building cleaning services as well as for several construction renovations projects for improving the interior office suites inside City Hall.

- Design renovations to the Phillips Building—including the gym and freight farm kitchen classroom space—and build a new playground for the High School Early Childhood Education program.

Significant Level-Service Budget Changes

- Provides an additional \$428,850 for electricity due to rising energy costs and unanticipated increases in electrical supply rates with our contracted energy supplier. A complaint has been filed with the Department of Public Utilities to dispute these supply rate increases.
- Provides an additional \$155,491 for gas for City buildings due to rising energy costs and instability in the energy market.
- Provides an additional \$36,500 for Building Maintenance to account for rising costs in vendor pricing.
- Moves \$5,000 in Vehicle Maintenance for DPB vehicles to the DPW Fleet Division budget.
- Increases the Contracted Services line by \$30,000 to cover custodial services for the Phillips Building. Further increases this line to cover rising costs for existing DPB contracts.
- Increases Building Maintenance Supplies to \$155,100 to account for vendor pricing increases.

Additional Budget Requests

- Does not fund request for three new full-time staff and two new part-time staff. Requests for new staff will be reevaluated after the completion of the Public Buildings Assessment funded in the Fiscal Year 2026 Budget.

Capital Budget Items

- Provides \$320,000 for building improvements and renovations, as well as energy efficiency improvements (lines 2, 9, 23-25, 27, and 28 in the Fiscal Year 2027-2031 CIP).

Police

Mission

The Watertown Police Department is committed to protecting life and property, preventing crime, and maintaining order in accordance with the laws of the U.S. and Massachusetts. Through training, professionalism, and community partnership, the department works to solve problems and build trust. The department prioritizes community policing and service to ensure a high quality of life for current and future generations.

Department Description

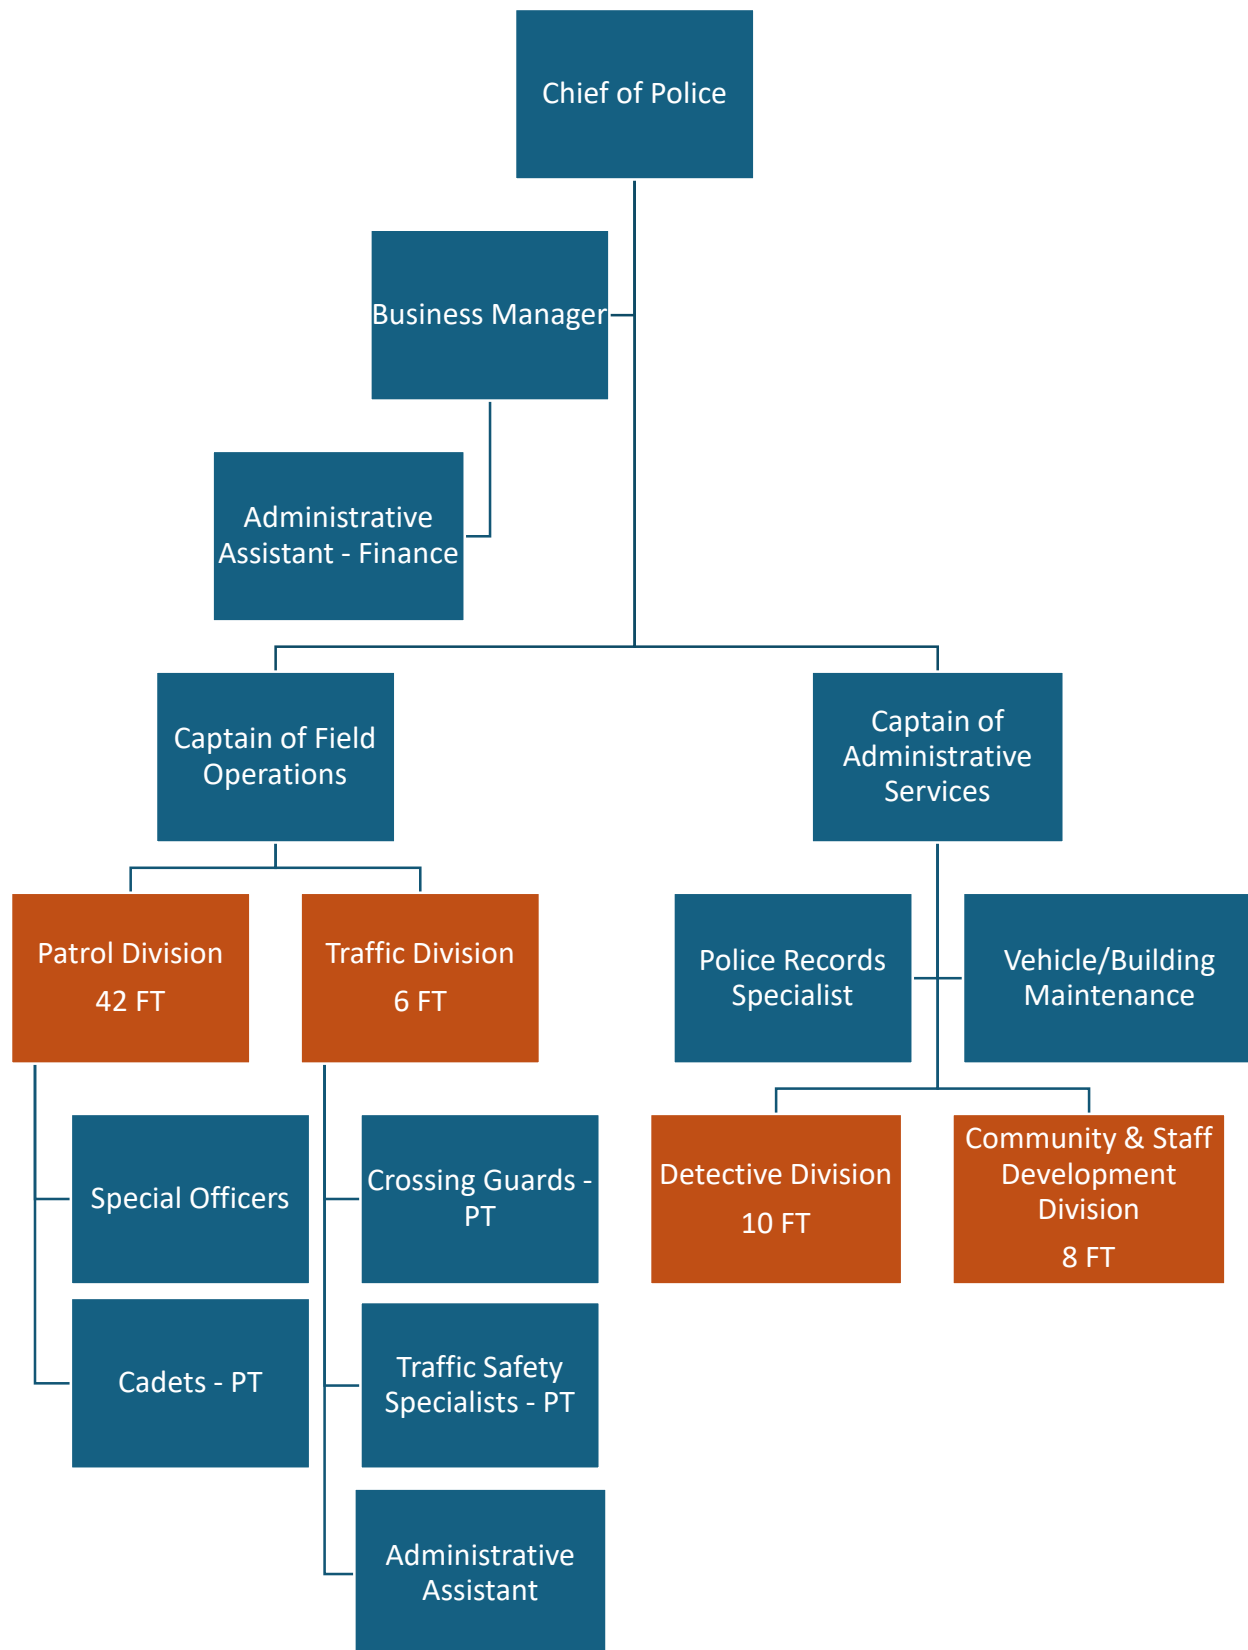

The Watertown Police Department is led by the Chief of Police and is organized into two main bureaus:

Bureau of Administrative Services: This bureau is responsible for a broad range of administrative and support functions. It includes the Detective and the Community and Staff Development Divisions, as well as the systems administrator. Key duties of this bureau include overseeing accreditation, building maintenance, community and staff development, computer networks, budget management, accounts payable, vehicle procurement, fleet maintenance, grant writing, internal affairs, prosecution management, record keeping, and training.

Bureau of Field Operations: This bureau manages the department's operational components, focusing on frontline services. It includes the Patrol Division, Traffic Division, Cadet Program, and the 911 Emergency Communications/Dispatch Division. These divisions handle the department's response to emergencies, preventative patrols, traffic management, enforcement of state law and some city regulations, and emergency response communications.

Together, these bureaus ensure both the administrative efficiency and operational effectiveness of the Watertown Police Department.

Organizational Chart

Department Goals

- To protect life and property through professional and timely response to all incidents, thorough investigative efforts, and the prevention of crime.
- To maintain strong ties with the community by communicating with the public, sponsoring programming, and pursuing partnerships.
- To continually improve operations through onboarding of dedicated personnel and training in best practices.

Recent Accomplishments

- Recruited and onboarded seven new police officers since exiting the civil service system.
- Launched the department's body-worn camera program to enhance officer safety, accountability, and transparency.
- Installed electric vehicle charging station infrastructure on department grounds and incorporated nine electric vehicles into the department's fleet, in accordance with [Budget Policy Guideline II.B](#).
- Initiated transition to a new computer-aided dispatch and records management system to enhance operations, officer safety, crime analysis, and transparency.
- Fully staffed the newly established Cadet Program to enhance operations and recruitment of qualified personnel to serve as full-time police officers.

Plans for Fiscal Year 2027

- Fully deploy the new computer-aided dispatch and records management system and train all staff on its use and capabilities.
- Continue the recently established Traffic Specialist Program to address traffic management and safety at construction sites, utilizing newly hired and trained personnel to supplement current staffing including coverage for hard-to-fill crossing guard assignments.
- Continue research into application of AI and other technologies to enhance operational effectiveness.
- Achieve full staffing and fill all vacant specialty positions.
- Enhance electric vehicle charging station infrastructure and introduce all-electric vehicles to the City's police vehicle fleet.

Significant Level-Service Budget Changes

- Reallocates the \$15,000 Additional Equipment capital line between the Equipment Maintenance, Building Maintenance, and Vehicle Maintenance expense lines.
- Increases the Food & Related Supplies line to \$12,980 to cover increased cost of feeding prisoners and for providing food at trainings and community events.
- Provides \$10,630 for tactical vests and ballistic helmets for officers. The Department is switching to a new style of vest that has a lifespan of ten years compared to current vests that last for five years. Further increases Staff Development by \$11,446 to cover rising cost of trainings and training materials.
- Provides an additional \$2,546 for community projects and partnerships, including activities with the schools.
- Removes funding for Flock Cameras, as the City will not be going forward with this project.

Additional Budget Requests

- Does not fund the department's request for 4 new police officers. The administration recommends assessing this request after the completion of the Public Safety Staffing Study, in accordance with Budget Policy Guideline II.G.
- Funds request for \$49,396 for the annual operating costs of a new drone the Police Department intends to purchase before the end of Fiscal Year 2026. The drone will enhance officer safety and aid in crime scene documentation and with searches for missing individuals.
- Funds request for \$67,000 for a new in-cruiser video system. This new system would enhance police officer accountability, protect officers from unfounded claims, and serve as a valuable investigative and training tool. Based on quotes obtained from vendors, the annual cost for the new system is expected to be closer to \$32,000 in subsequent years.
- Funds request for \$15,480 for BlueVoice, a closed-loop AI technology that will allow officers to conduct inquiries on Massachusetts General Laws, department policies, and other data sources.
- Funds request for \$29,691 for cell service for the Police Department's body worn cameras. Cell service will enable real-time GPS tracking of officer location and allow for livestreams of body worn camera feeds as well as the remote uploading of body worn camera recordings.
- Does not fund request to acquire an additional electric patrol vehicle for \$82,000. While this request would further accelerate the transition to electric vehicles, consistent with Budget Policy Guideline II.B, it is not currently in the Capital Improvement Plan. This request may be funded if funds are available at the end of Fiscal Year 2026.

Capital Budget Items

- Increases Transfer Out to Other Funds line by \$10,000 to cover increased costs associated with having two full-time clinicians embedded in the Police Department.
- Provides \$331,000 for facility improvements, equipment, and vehicle replacement (lines 102-104 in the Fiscal Year 2027-2031 CIP).

Fire

Mission

The mission of the Watertown Fire Department is to provide the residents and visitors of Watertown with an effective, well-trained team of professionals to protect their lives and property. To accomplish this, the department provides the community with fire prevention, fire safety education, emergency services, fire suppression, medical, rescue, and emergency management.

Department Description

The Fire Department employs 96 uniformed personnel and two civilian staff. Operations personnel are organized into four groups across three stations to protect the life and property of the residents and visitors of Watertown. Each group is led by a Deputy Fire Chief and has one or two Captains and three or four Lieutenants staffing three engines, two ladders, one ALS ambulance*, and a command vehicle.

The department also has staff personnel who perform administrative functions. The Fire Prevention Bureau is staffed by the Fire Inspector (a captain), the Assistant Fire Inspector (a lieutenant), and a civilian Administrative Specialist. A Captain also serves as both the Lab Safety Officer and as the Assistant Emergency Management Director. Finally, a Training Officer/EMS Coordinator, a Lieutenant, is charged with organizing and delivering department training and managing our EMS service. The Department is led by the Fire Chief and Assistant Fire Chief with the help of a civilian Business Manager. The Fire Department provides an all-hazard response to over 7,000 calls annually.

*The Fire Department is completing the hiring of staff to operate a second ALS ambulance in FY 2026.

Organizational Chart

Department Goals

- To provide coordinated, responsive, and reliable emergency response services.
- To prevent and mitigate emergencies through strategic planning, community education, and proactive identification and resolution of hazards.

Recent Accomplishments

- Expanded community risk reduction efforts, including increased inspections, enhanced public education programs, and expanded pre-incident planning.
- Made significant progress toward staffing the second ALS ambulance, advancing hiring efforts and utilizing an alternative civil service pathway to support recruitment.
- Initiated a comprehensive review and update of policies and standard operating procedures to align with current best practices.
- Enhanced internal administrative processes to improve efficiency.

Plans for Fiscal Year 2027

- Implement the second ALS ambulance staffed 24/7 to enhance EMS response capacity and system reliability.
- Complete planned station capital improvements to ensure a safe, functional, and effective living and working environment for personnel.
- Expand employee health and wellness initiatives, with a focus on cardiac health and cancer prevention.
- Develop and implement strategies to improve paramedic recruitment and retention, emphasizing sustainability and workforce stability.

Significant Level-Service Budget Changes

- Provides an additional \$426,475 for Medical Supplies. Much of this increase is due to one-time costs associated with provisioning the second ALS ambulance with needed medical supplies. This line is anticipated to decrease in the Fiscal Year 2028 budget as the second ALS ambulance will not need to be fully stocked from scratch in future years.

Additional Budget Requests

- Does not fund the department’s request for 8 new firefighters to increase staffing on each ladder truck to 3 (from 2) or the request for increased overtime to increase shift staffing. The administration recommends assessing these requests after the completion of the Public Safety Study, in accordance with Budget Policy Guideline II.G.

Capital Budget Items

- Provides \$215,000 for fire station building improvements, ambulance equipment, vehicle replacement, and the replacement of an unmanned aerial system (lines 75-77 and 84 in the Fiscal Year 2027-2031 CIP).

Emergency Management

Mission

The mission of the Watertown Emergency Management Department is to provide planning, resources, communication, and recovery services in response to manmade and natural emergencies within the City of Watertown.

Department Description

The Emergency Management Department updates and maintains emergency plans including the Comprehensive Emergency Management Plan, Hazardous Materials Emergency Response Plan, and Hazard Mitigation Plan. The Fire Chief serves as the Emergency Management Director. The Lab Safety Officer, a Captain in the Fire Department, serves as the Assistant Emergency Management Director. The Department also has a role in organizing the Local Emergency Planning Committee, a requirement of federal law.

Organizational Chart

Recent Accomplishments

- Collaborated with multiple City departments to make significant progress on the City’s Hazard Mitigation Plan.
- Maintained equipment trailers to ensure their readiness for major incidents.
- Continued to manage the Everbridge Reverse 911 software.

Plans for Fiscal Year 2027

- Inventory equipment in the emergency trailers and develop a plan to replace outdated equipment.
- Finalize and publish the Hazard Mitigation Plan
- Continue to seek grant opportunities to further the mission of the department.
- Continue establishing the Local Emergency Planning Committee.

Significant Level-Service Budget Changes

- Eliminates \$850 Communications Phone line as associated expenses are no longer necessary.

Additional Budget Requests

- Does not fund request for \$10,000 stipend for the Emergency Management Director.

Capital Budget Items

- None

Public Works

Mission

The mission of the Department of Public Works is to provide excellent customer service to the city's residents. The department's goal is to maintain Watertown's infrastructure and to deliver high-quality service for the community in an efficient, transparent, and accountable manner. The Department of Public Works is proud to serve the community each and every day.

Department Description

The Watertown Department of Public Works (DPW) is organized into the following divisions and includes funding in the General Fund and the Water and Sewer Enterprise Funds. To provide a cohesive narrative, the entire department is described below:

Administration & Finance – Responsible for the overall management of all divisions and non-divisional functions of DPW and for accounting, record keeping, and permitting. Responds to resident requests and works to modernize all administrative functions of the Department.

Engineering – Responsible for the planning, design, and construction oversight of various capital and maintenance projects to keep the City's utilities, roads, and traffic systems in a state of good repair. Supports other City departments by performing technical reviews of private developments and by managing developer-lead mitigation projects.

Fleet – Provides vehicle and equipment acquisition, replacement, maintenance, repair, and fuel services to all City departments. The division focuses on training, as well as tools and technologies to aid in more accurate and timely diagnostics and repairs as vehicle technology continues to advance.

Streets & Sidewalks – Improves and maintains the City's roadways, sidewalks, and related infrastructure. Maintains a Pavement Management Plan that identifies possible pavement rehabilitation methods and associated cost estimates. Responsible for the DPW's snow and ice response. Treats roadways and removes snow to keep City streets safe during winter weather events. Evaluates implementation of innovative snow removal equipment and techniques to ensure effective and efficient responses to winter weather events.

Parks & Cemeteries – Maintains 118 acres of City grounds, parks, recreational facilities, and cemeteries. Manages day-to-day operations for three cemeteries by overseeing sale of lots, preparation of graves, and the setting of foundations and veterans' markers. Provides capital improvement support to the Recreation Department.

Solid Waste & Recycling – Oversees waste streams generated by the city’s population, allowing for waste data collection, auditing, and programing to achieve the State’s 2030 waste reduction goals. Manages the City’s solid waste and recycling contracts.

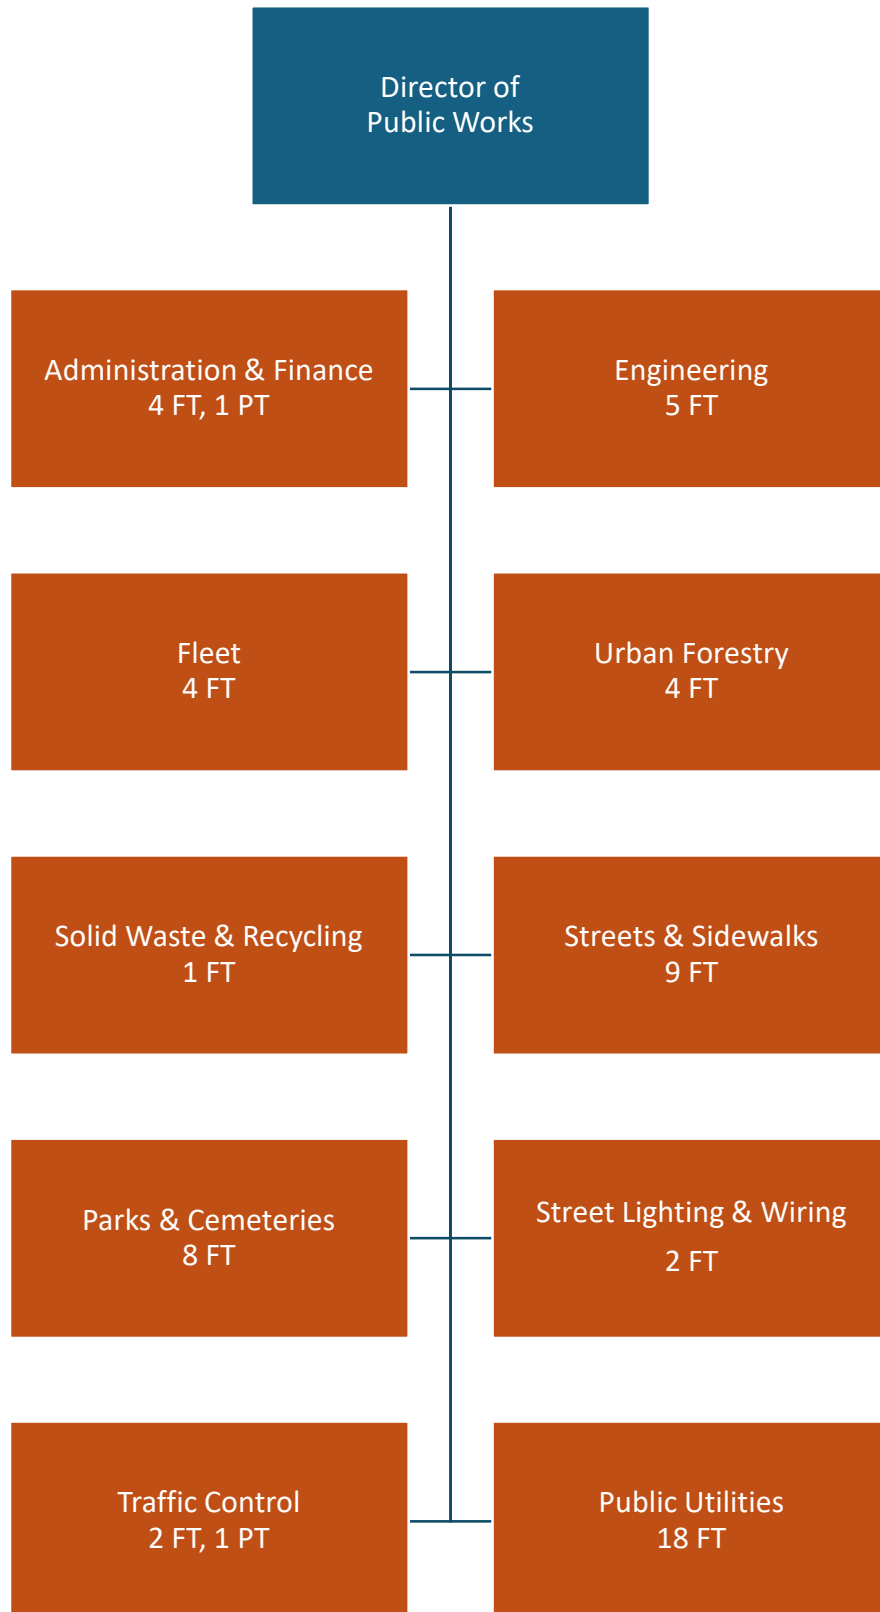

Street Lighting & Wiring – Maintains all City streetlights and lighting in public spaces and installs holiday lighting at City-owned buildings and locations. The division is also responsible for the repair and maintenance of the City’s fire alarm system which includes master box fire alarm connections to various businesses citywide as well as street fire alarm pull boxes.

Traffic Control – Responsible for the installation of all regulatory and non-regulatory signage, including street name signs, parking, and “No Parking” signs. This division also installs and maintains parking meter poles and traffic lights within the City.

Urban Forestry – Cares for and maintains the City’s urban forest, including removal of street trees, tree pruning in all publicly owned spaces, and tree planting under the direction of the Tree Warden.

Public Utilities – Ensures the City’s water distribution system provides a high-quality and dependable water supply. Operates and maintains the City’s water, sewer, and storm drainage systems. Completes water and sewer system improvement projects to reduce sources of inflow and to provide a high-quality and dependable water supply. The Public Utilities Division is funded out of the Water and Sewer enterprise funds. The budget for the enterprise funds can be found starting on page 177.

Organizational Chart

Department Goals

- To maintain, repair, and improve Watertown's physical public infrastructure in an efficient and professional manner.
- To care for and enhance the City's public greenspaces and tree canopy.
- To ensure the City manages its waste in an effective and sustainable manner.
- To provide excellent customer service through clear communication and by quickly and effectively responding to public requests.

Recent Accomplishments

- Replaced the entirety of the water main and services along the Cottage Street neighborhood (Cottage St, Sawin St, Cottage Ln, Molloy St, Lyons St, Sexton St).
- Started the valve exercising program and completed annual hydrant flushing.
- Completed crosswalk, traffic lines, and specialty markings without the use of a contractor.
- Planted 100 trees throughout Watertown with support from the Executive Office of Energy and Environmental Affairs' Cool Corridors Grant. The Forestry Division also completed 268 tree service tasks requested through SeeClickFix, the City's constituent request system.
- Maintained 72 miles of public roads and 20 miles of City sidewalks during major snows event by clearing and moving approximately 30,000 cubic yards of snow and using 846 tons of salt.
- Installed AEDs in coordination with the Recreation Department at public parks and facilities across the City to enhance public safety.
- Coordinated regular trash and recycling pickup, eight household hazardous waste events, and one city-wide recycling event while navigating the complexities of a trash services strike.

Plans for Fiscal Year 2027

- Execute contracts to undertake roadway, sidewalk, and traffic control projects.
- Advance water and sewer projects to improve the condition and stability of our water, stormwater, and sewer systems.
- Assist with open space capital projects, including Victory Field.
- Complete water meter replacement program and implement new water consumption portal so that residents can monitor their water usage remotely.
- Work with MassDOT to advance the Mount Auburn Street Project.
- Achieve full staffing and fill all vacant positions.

DPW Administration

Significant Level-Service Budget Changes

- Reallocates a portion of the salary of the Deputy Director and Principal Department Assistant position salaries to the Water & Sewer Enterprise Funds to properly account for the work these positions do related to these funds.
- Reallocates a vacant Administrative Assistant position to the Senior Services Department.
- Moves the Recycling Program Manager position into the Solid Waste & Recycling Division's budget, in accordance with Budget Policy Guideline II.I
- Eliminates the \$17,000 DPW Licenses/Certifications line, as these expenses are now covered within division budgets.
- Provides additional overtime funding to cover work DPW staff does for various City events.
- Reduces Equipment Maintenance, Contracted Services, and Communications-Phone lines by a combined \$46,865.
- Eliminates the \$6,000 Medical Testing line, as these expenses are now paid out of the Human Resources department budget.
- Increases the Printing and Forms line by \$8,500 to account for increased number of mailings.
- Increase the Uniforms/Cleaning Services line by \$11,800 due to increased costs from the department reducing vacancies.
- Provides an additional \$4,200 across the In State Travel, Out of State Travel, dues and Subscriptions, Conference Expenses, and Staff Development lines for additional professional development opportunities, in accordance with Budget Policy Guideline II.I.

Additional Budget Requests

- Funds request to make the Communications Coordinator position full-time. These additional hours will allow the Communications Coordinator to serve as one of the accreditation managers for the department as it begins the multi-year process of achieving American Public Works Association accreditation.

Capital Budget Items

- None

DPW Engineering

Significant Level-Service Budget Changes

- Reallocates a portion of the City Engineer, Assistant City Engineer, and Construction Permit Inspector position salaries to the Water & Sewer Enterprise Funds to properly account for the work these positions do related to these funds.
- Reallocates \$18,500 worth of expenses from the Contracted Services line to a new Dues line to better reflect the nature of the expenses. Further reduces Contracted Services by \$23,500 as some expenses that had previously been paid out of the Engineering budget will now be covered by the Water Enterprise Fund.
- Provides \$6,000 for a new Staff Development line for Engineering staff trainings and certifications.
- Eliminates the \$14,500 Replacement of Equipment capital line and reallocates \$10,500 from this line to the Tools expense line.

DPW Street Lighting & Wiring

Significant Level-Service Budget Changes

- Provides an additional \$428,850 for electricity due to rising energy costs and unanticipated increases in electrical supply rates with our contracted energy supplier. A complaint has been filed with the Department of Public Utilities to dispute these supply rate increases.
- Reallocates \$1,000 from the Staff Development line to the In State Travel and Out of State Travel lines.
- Reduces Fire Alarm Maintenance line by \$25,000 to better reflect anticipated expenses.

Additional Budget Requests

- None

Capital Budget Items

- Provides \$20,000 for the replacement of equipment (line 179 in the Fiscal Year 2027-2031 CIP).

DPW Solid Waste & Recycling

Significant Level-Service Budget Changes

- Moves the Recycling Program Manager from the Administration & Finance division into Solid Waste & Recycling. Reclassifies the position as the Solid Waste & Recycling Supervisor, in accordance with Budget Policy Guideline II.I.
- Increases funding for Solid Waste Disposal, Contracted Services, Bulk Plastic, and Yard Waste lines to account for 6% increase in the cost of related contracts.
- Increases funding for the Organics/Composting line by \$100,000 to account for increased composting volume due to Watertown High School opening and expected increases in participation for the residential curbside program, in accordance with Budget Policy Guideline II.A.
- Provides an additional \$15,000 for the Printing and Forms line due to increased costs in providing informational materials to residents.

DPW Traffic Control

Significant Level-Service Budget Changes

- Increases the Electrical Supplies line by \$10,000 to account for rising costs.
- Reallocates \$450 from the Staff Development line to In State Travel and Out of State Travel and provides an additional \$200 to these lines.

Additional Budget Requests

- Does not fund the request for a new Traffic Technician. This position will be reconsidered when more financial resources are available.

Capital Budget Items

- Provides \$150,000 for the replacement of equipment (lines 171 & 172 in the Fiscal Year 2027-2031 CIP).

DPW Urban Forestry

Significant Level-Service Budget Changes

- Reduces Tools line to \$6,200 in accordance with anticipated spending.
- Reduces Dues & Subscriptions by \$9,000 as the City no longer anticipates needing that money to pay for a tree inventory software. The remaining funds in this line are for membership fees for professional trade organizations.
- Increases funding for Trees and Shrubs to by \$35,000 to account for rising costs.
- Provides \$2,400 in funding for the In State Travel and Out of State Travel lines for staff to attend professional development opportunities, in accordance with Budget Policy Guideline II.I.

Additional Budget Requests

- Funds the request for an additional Heavy Equipment Operator. The total cost for this request—including benefits—is budgeted at \$96,450. This funding is being completely offset by reducing the Contracted Services line in urban Forestry by \$100,000. This new Heavy Equipment Operator will allow the Urban Forestry Division to perform pruning and tree removal work that has previously been contracted out. Due to the combination of two custodial positions in the Public Buildings department, the addition of this position will not impact total staff headcount.

Capital Budget Items

- None

DPW Parks & Cemeteries

Significant Level-Service Budget Changes

- This budget combines the budgets of the old Parks Division and Cemeteries Division. Under the newly adopted Administrative Code, these two divisions have been combined into the Parks & Cemeteries Division. The Fiscal Year 2025 and Fiscal Year 2026 numbers in the below budget table only incorporate the financial information of the old Parks Division. For historical numbers for the old Cemeteries Division, please see the budget table on page 136.
- Provides an additional \$67,800 for Groundskeeping Supplies and \$39,700 for Recreation Supplies due to rising costs.
- Provides \$4,860 between the Staff Development, In State Travel, and Out of State Travel lines for division staff to attend professional development opportunities, in accordance with Budget Policy Guideline II.I.

Additional Budget Requests

- None

Capital Budget Items

- Provides \$157,000 for park and cemetery improvements and equipment (lines 155 & 161-163 in the Fiscal Year 2027-2031 CIP).

Public Health

Mission

The mission of the Public Health Department is to protect and promote health, prevent disease and disability, and assess and improve the health status of the community. The Department accomplishes this through enforcement of environmental health codes, community health programs, animal control programs, public health nursing, and emergency preparedness activities.

Department Description

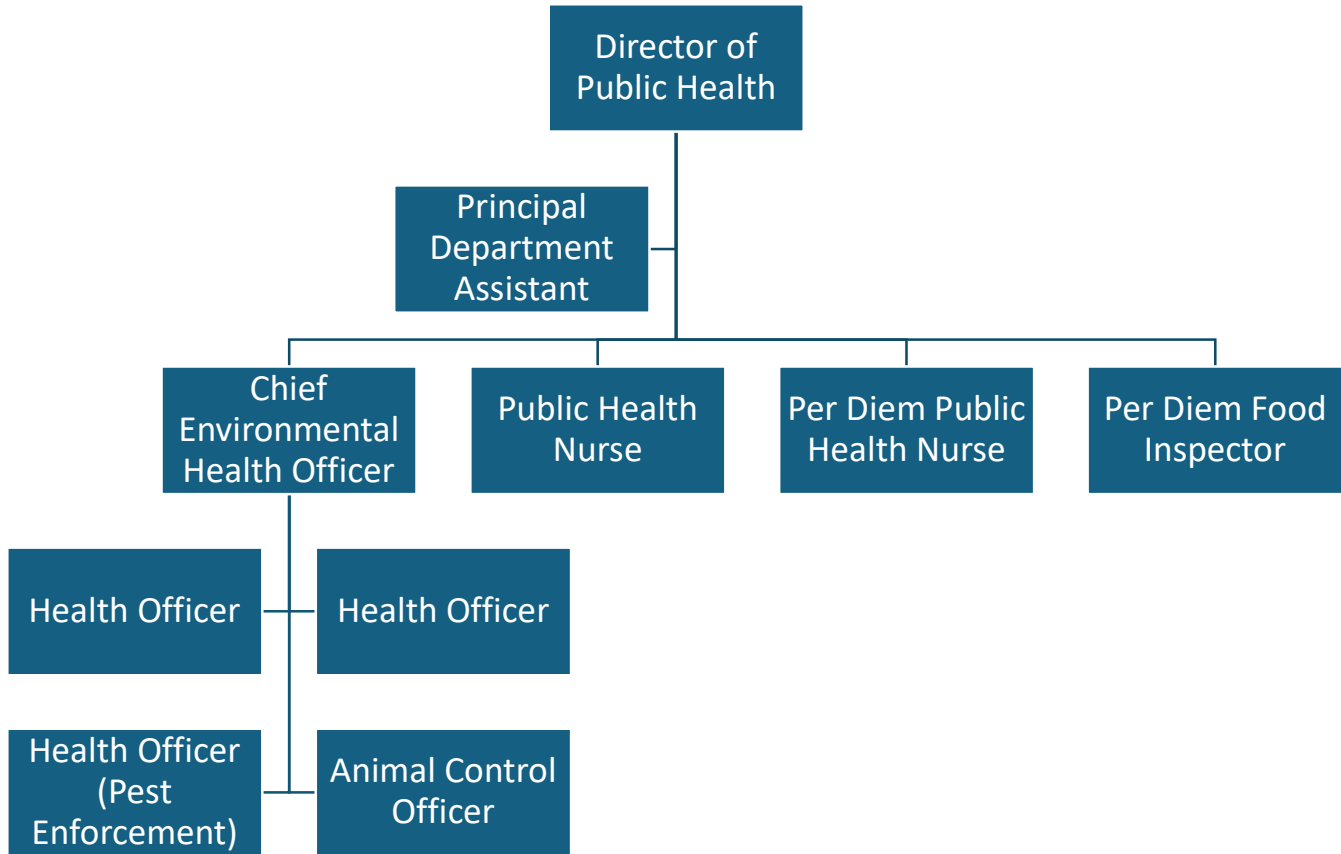

The Public Health Department is responsible for the promotion and protection of public health through education, outreach, and enforcement of Board of Health regulations, the state sanitary code, the state environmental code, and other public health regulations. The Department investigates complaints, conducts inspections, and issues permits, licenses, and certificates.

These inspections include—but are not limited to—housing, body art, food establishments, swimming pools, odor, noise, dust, tanning establishments, nuisance, and dumpster inspections. If violations are noted, the Department takes enforcement actions. Additionally, the Department is active with local emergency preparedness, health promotion, and the prevention of vector-borne diseases.

The Public Health Department has a Public Health Nurse who offers a variety of free community health services to Watertown residents such as annual influenza vaccination clinics, blood pressure screenings, and health education. Additionally, the Public Health Nurse investigates communicable diseases and outbreaks within the city.

The Department also has a full-time Animal Control Officer (ACO) that enforces the provisions of Watertown's Animal Control Ordinance and other relevant state and local regulations. The ACO responds to reports of animal cruelty, injured wildlife, and other animal control complaints; conducts inspections of animal holding facilities; and issues rabies quarantines.

Organizational Chart

Department Goals

- To respond to public health concerns in a professional, efficient, and timely manner.
- To proactively maintain the health of the community through preventative programming, educational resources, pest control, and routine inspections.

Recent Accomplishments

- Adopted Bodywork Regulations to protect public health, safety, and welfare in the City of Watertown by addressing gaps in oversight of bodywork practices.
- Acquired sunscreen dispensers that will be strategically placed around the city in public places for residents and visitors to utilize.
- Installed a sharps drop-off kiosk at the Parker Building for individuals to properly dispose of needles and other sharps.
- Developed and implemented a more structured and efficient rodent control and baiting program, improving organization and overall effectiveness.

Plans for Fiscal Year 2027

- Continue working on a comprehensive rodent control plan that adapts to Watertown's changing environment.
- Continue to expand public health promotion efforts and increase access to impactful programs and services.
- Propose an update to the City's regulation regarding Smoking and the Sale and Use of Tobacco Products to be in line with State regulations and support public health goals.
- Work with our online application and permitting system to make it more user friendly for applicants to use.

Senior Services

Mission

The Senior Services Department is dedicated to serving as a primary resource and advocate for programs and services that elevate the quality of life for our senior community. The department is committed to fostering community connections and ensuring that every senior can enjoy a life of dignity and wellness.

Department Description

The Department of Senior Services oversees a comprehensive range of programs and services tailored to meet the diverse needs of our senior population. Under the direction of the Director of Senior Services, the Department operates the Senior Center and is supported by the Council on Aging. The Program Coordinator organizes a variety of educational and social activities to keep seniors engaged and to prevent isolation. Senior Services also offers a range of fitness classes and workshops on senior health and wellness. Social service supports are provided by the Senior Case Management Program and offer help navigating care coordination and access to health care as well as financial assistance program education. A monthly newsletter from the department that provides information on resources and upcoming events is available online and in print. The Department also provides seniors with accessible transportation for medical appointments, errands, and social day trips.

Organizational Chart

Department Goals

- To meet the recreational, social, educational, and wellness needs of seniors with a variety of programming and resources.
- To provide seniors with case management services to navigate economic, legal, and health challenges.

Recent Accomplishments

- Secured multiple grants, including a \$10,000 Marshall Home Fund grant to sustain the GoGo Grandparent transportation program.
- Submitted an application to the MassDOT Community Transit Grant Program for a new shuttle bus to modernize the department's fleet and ensure long-term transportation reliability.
- The GoGo Grandparent program facilitated 977 on-demand rides for seniors from March 2025 to March 2026, directly addressing social isolation and ensuring independent access to medical care and essential prescriptions for Watertown seniors.
- Launched "Memory Cafes" in collaboration with several community partners to align the Department with the Dementia Friendly America movement.
- Launched a new frozen meal pilot program designed for older adults who require affordable, convenient, chef-prepared nutritional options.
- Hosted the Annual Senior Health and Wellness Fair, featuring clinical expertise from community partners to provide high-level education on cognitive health and engagement strategies.

Plans for Fiscal Year 2027

- Acquire a new Senior Shuttle Bus to improve the efficiency and reliability of the service.
- Improve communications by producing additional digital, audio, and visual content.
- Increase the Department's capacity to provide programming by utilizing space in the Philips building.
- Explore increasing nutritional programs and education through partnerships like Heart to Home to provide more access to healthy meals.

Significant Level-Service Budget Changes

- None

Additional Budget Requests

- Does not fund request for a new Assistant Senior Services Director position. This will be reviewed in future years as more resources become available.
- Funds the request for a new Administrative Assistant for the Senior Services Department. This will not add to citywide staff, as a vacant Administrative Assistant position in DPW is not being funded.
- Funds the request for additional resources for the Transportation Concierge program to provide more seniors with free on-demand transportation.
- Funds the request for additional hours for bus drivers to operate a second, smaller accessible van that the department anticipates being able to acquire due to grant funding. This van will augment the existing Senior Shuttle service.

Capital Budget Items

- Provides \$17,000 for building improvements at the Senior Center (line 255 in the Fiscal Year 2027-2031 CIP).

Veterans

Significant Level-Service Budget Changes

- Pursuant to the newly adopted Administrative Code, the Veterans budget has been moved to be part of the Human Services budget in Fiscal Year 2027. This process began midway through Fiscal Year 2026 when the salary for the Veterans Services Officer was transferred to the Human Services budget. The below table has been kept to show previous years' expenses from the Veterans budget. Please see the Human Services budget for Fiscal Year 2027 numbers.

Additional Budget Requests

- None

Capital Budget Items

Human Services

Mission

The Human Services Department oversees the development and operation of programs and wellness opportunities that promote health, sustainability, and connection for the Watertown community. The Department brings together City and community partners to address needs related to food, housing, mental health, and social services; and works collaboratively to ensure all residents can access resources and support.

Department Description

The Human Services Department coordinates with other departments and community-based organizations to foster a collaborative approach to addressing community needs. Department priorities include food access, housing stability, mental health and substance use supports, resource navigation and streamlined referral pathways, and programming that encourages a healthy and connected community.

The Human Services Department is comprised of four City programs and one community-based contract:

The Watertown Food Pantry provides community members with free groceries to combat food insecurity. Additionally, the Department helps to connect residents to SNAP and other food assistance programs and provides volunteer opportunities for community members and local businesses.

Community Wellness runs the Watertown Farmer's Market and organizes opportunities to enhance community health through Live Well Watertown programs including Eat Well, Stress Less, Move More, and Community Connect.

Veterans Services works directly with veterans and their dependents to connect to federal, state, and local resources and services they may be entitled to. The Veterans Services Officer (VSO) engages with the community through outreach programming and partnering with local veterans' agencies.

The Americans with Disabilities Act (ADA) Coordinator oversees adherence to the ADA and provides support to City departments and residents in cases of noncompliance. The ADA Coordinator is the staff liaison to the Watertown Commission on Disability and provides training and other educational opportunities for City staff to ensure programs and services are accessible.

The Social Services Resource Program provides free resource navigation to Watertown residents ages 18-59. Assistance includes access to affordable housing, economic assistance, mental health referrals, and more. This City has a contract with Wayside Youth and Family Support Network to provide these services and provides Wayside with space in the City-owned building at 127 North Beacon Street.

Organizational Chart

Department Goals

- To collaborate with community partners to evaluate and address the shifting human service needs of the city.
- To promote a healthy and connected community through a variety of programs and initiatives.
- To help residents effectively navigate resources and connect with essential services.

Recent Accomplishments

- Coordinated a citywide food drive with support from the Watertown Community Foundation in response to federal changes to SNAP benefits.
- Provided free produce and non-perishable goods to over 160 households each week through the Watertown Food Pantry while moving the program to the Parker Building to provide long-term stability for the program and allow for an expansion of hours.
- Leveraged multiple funding sources for the Farmer's Market food assistance programs to serve up to 100 households each week through the Market's SNAP Match, Health Incentive Program (HIP), and off-season SNAP CSA program.
- Delivered a rotating calendar of no-cost weekly and seasonal 'Live Well' programs and held specialty health initiatives with community partners.
- Produced tenant and landlord resources for Fair Housing Sessions hosted by the Watertown Affordable Housing Trust and Human Rights Commission.
- Partnered with the Watertown Library to implement Digital Equity programs for community-based organizations and the residents they serve.

Plans for Fiscal Year 2027

- Convene advisory groups of representatives from key City departments and community organizations to coordinate around health and social service needs.
- Enhance food access in the city by expanding Watertown Food Pantry hours, continue planning for expansion of the seasonal Farmers' Market, and purchasing a Human Services van for food delivery and mobile pantry services.
- Expand Live Well's Community Connect initiative to address social isolation and enhance community connectedness.
- Encourage multi-generational engagement with Veterans Services programming.
- Oversee spending of the Opioid Settlement Abatement Funds to support education/prevention, harm reduction, and treatment/recovery for substance use and mental health needs.

Significant Level-Service Budget Changes

- This budget finishes the process of merging the Veterans budget into the Human Services Budget. The Fiscal Year 2026 numbers in the budget table below does not include non-salary expenses from the Veterans budget. For historical numbers for the old Veterans budget, please see the budget table on page 151.
- Provides an additional \$45,000 to Contracted Services to cover a second resource navigator under the contract with Wayside in accordance with Budget Policy Guideline II.E. This second resource navigator is currently grant funded and the grant funding for their position will expire in December 2026.
- Reallocates \$15,000 from Contracted Services to Program Supplies to better account for the expenses these funds cover.

Additional Budget Requests

- Funds the request for a full-time Principal Department Assistant. The addition of this position is headcount neutral with the elimination of a position in the IT department and is in accordance with Budget Policy Guideline II.E.

Capital Budget Items

- None

Library

Mission

The Watertown Free Public Library extends beyond its walls to connect people to ideas, information, education, creative opportunities, and to each other. While preserving the rich history of Watertown, the Watertown Free Public Library embraces the advancement of library service, inspires personal development, and promotes community. The Library provides free recreation, entertainment, and enrichment. It welcomes and serves everyone.

Department Description

The Watertown Free Public Library (WFPL) strives to enrich the mind, spirit, and heart of every patron. The WFPL is governed by a six-person elected Board of Trustees who appoint the Library Director. Within the Library there are 6 main divisions, as well as the Hatch Makerspace, and a specialist position that operates under the direction of Administration. The Library also employs a number of pages and Project Literacy teachers and utilizes a large pool of volunteers to operate. The 6 main divisions are:

Access Services – Staffs the front desk and works behind the scenes to process materials for patrons and to handle holds and returns. Processes incoming materials to make the discoverable.

Reference – Helps to answer technical, in-depth questions and to connect the public with authoritative resources to find services and information. Assists patrons with everything from printing to local history questions.

Children's Services – Helps families and their younger children to explore, imagine, and cope with life. Responsible for programming offered to younger children, including a Summer Reading program and weekly story times and sing-a-longs.

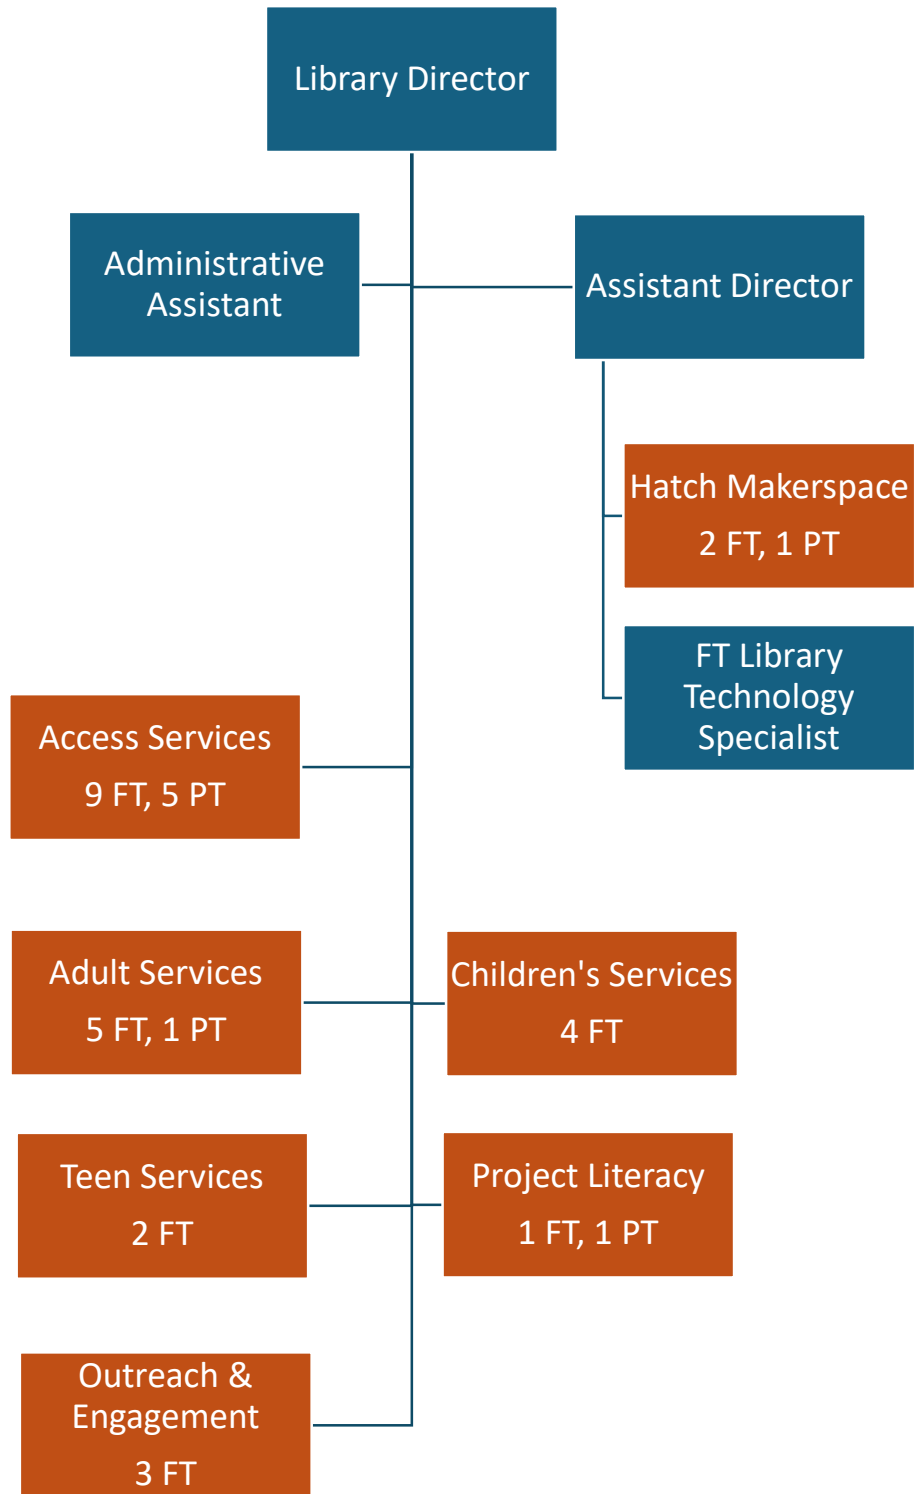

Teen Services – Connects teens to the reading and resources they are interested in. Also provides programming for teens.

Project Literacy – Operates the largest English Language Learning program at a library in Massachusetts with over 600 students each year.

Outreach & Engagement – Focuses on reaching community members in and out of the library through programming, Bookmobile visits, and communications such as the Newsletter.

Additionally, the Library operates **Hatch Makerspace**, a workshop space stocked with tools, materials, and expertise so that community members can learn and create their own do-it-yourself projects.

Organizational Chart

Department Goals

Under the direction of the Library Board of Trustees, the Watertown Free Public Library undergoes a separate strategic planning and goal setting process from other City departments. The Library's 2026 – 2030 Strategic Plan lists a number of objectives under the four goals of *Welcoming*, *Empowering*, *Engaging*, and *Representing*. For more details on the Library's goals, please see the 2026 – 2030 Strategic Plan on the Library's website.

Recent Accomplishments

- Circulated 876,000 items and saw 324,000 visits to the library in Fiscal Year 2025. WFPL became the 6th highest circulating library out of 369 libraries in Massachusetts.
- Reached 23,887 total registered borrowers, 19,732 of which are Watertown residents.
- Hosted award-winning author Angie Cruz for our community read program: One Book, One Watertown.
- Launched a braille deposit collection in partnership with Perkins Library, helping to ensure WFPL has offerings to meet the needs of all patrons.

Plans for Fiscal Year 2027

- Install new wayfinding signage throughout the building to increase accessibility for all patrons as part of the Library's annual Action Plan.
- Create a citizenship corner with updated materials to help patrons navigate the path to citizenship.
- Develop and offer new and meaningful programming to the Children's Room audience in the evenings and on weekends to meet the community's needs.

Significant Level-Service Budget Changes

- Formalizes current informal practice in the department whereby the Library Specialist II position manages the department's outreach and engagement activities by establishing a Outreach & Engagement Division led by a Supervisor of Outreach & Engagement (reclassification of Library Specialist II position).
- Provides an additional \$10,000 for the Part Time Salaries line to provide additional hours for assistance with processing materials. A vendor that previously did much of the processing of materials has recently gone out of business, so more staff time is needed to maintain the current level of service.
- Provides additional funds to the Program Services line to help fund the Summer Reading Program and One Book One Watertown. Grants that had helped to fund these programs have recently become more precarious and it cannot be guaranteed that funding will be awarded for the programs in the future.

Additional Budget Requests

- Funds the request to increase one part-time Hatch Assistant to full-time.
- Funds the request to increase one part-time Reference Librarian to full-time.
- Does not fund the request for a full-time Tween Librarian.
- Does not fund the request for a new part-time Technical Services Assistant. This request will be reviewed in future years as additional resources become available.

Capital Budget Items

- Provides \$128,000 building renovations, maintenance, and replacing equipment (lines 95-96 in the Fiscal Year 2027-2031 CIP).

Recreation

Mission

The mission of the Watertown Recreation Department is to provide the residents of the City of Watertown with varied and comprehensive active and passive recreational, leisure, and seasonal opportunities for a wide range of age groups and abilities.

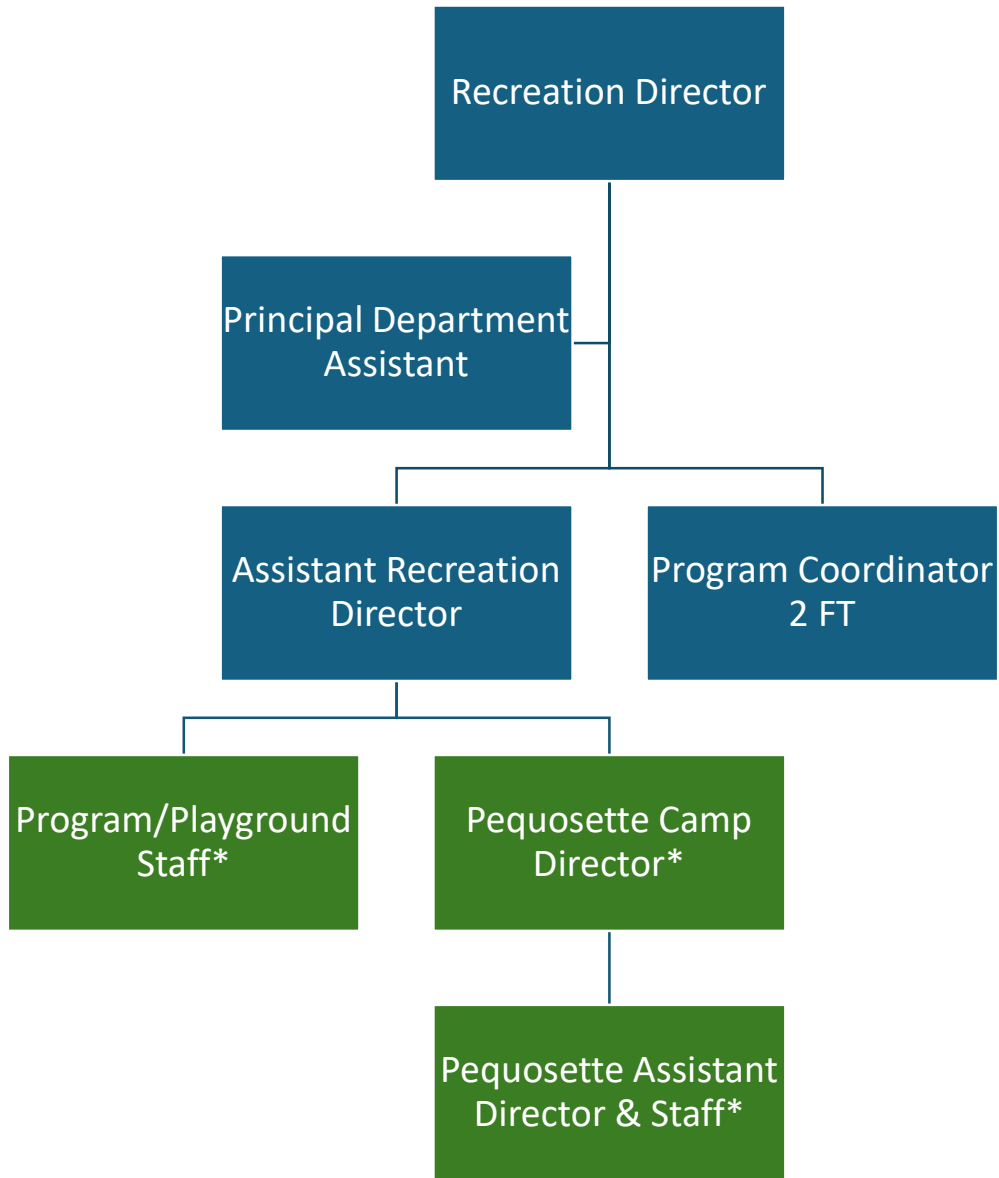

Department Description

The Recreation Department offers a diverse range of activities to engage residents of all ages, including youth sports leagues, adult fitness classes, seasonal events, summer camps, and enrichment programs such as arts, music, and STEM workshops. The Director, Assistant Director, and Program Coordinators actively research, analyze, and evaluate a variety of programs and events to be offered to the residents of Watertown throughout the year. Programs are designed based on prior success, participant interest, cost considerations, and facility availability.

In addition to these offerings, Watertown Recreation collaborates with several departments, individuals, and organizations to provide innovative and inclusive programming. This includes partnering with the Town of Belmont to offer the SPORT Program, which provides recreational opportunities for children and adults with special needs. By working together with local schools, community groups, and cultural institutions, the Department ensures a broad range of accessible activities that meet the needs of all residents.

The Recreation Department remains committed to exploring new ideas and expanding its offerings to meet the evolving needs of the community, fostering a vibrant and active environment for all.

Organizational Chart

*Indicates seasonal staff

Department Goals

- To provide a range of recreation programs to meet the interests of all Watertown residents.
- To provide accessible and inclusive recreation opportunities so that residents of all ages and abilities can participate.
- To work collaboratively with community partner organizations and other departments to ensure Watertown's recreation landscape is comprehensive and responsive to community needs.

Recent Accomplishments

- Implemented new software and website updates to improve user experience and streamline program registration as well as field, court, picnic, and pavilion rentals. Launched a paperless camp paperwork system for collecting medical history for Pequotsette Program.
- Offered year-round recreation opportunities through over 70 diverse programs that engaged over 5,000 participants.
- Completed the Arsenal Park Renovation in collaboration with the Department of Public Works, Community Development and Planning, and the Conservation Commission.
- Installed AEDs in all public parks throughout Watertown in collaboration with the Department of Public Works.
- Introduced new programs such as Girls on the Run and sports programming from outside vendors to meet evolving community interests.
- Partnered with Senior Services to offer a free pickleball program at the newly renovated Arsenal Park Tennis Courts.
- With the support of the City Council, established an expanded SPORT (Special Programs Organized for Recreation Time) program in collaboration with the Town of Belmont whereby Belmont will host a shared Recreation Therapeutic Specialist position.

Plans for Fiscal Year 2027

- Develop a comprehensive five-year strategic plan to guide the Recreation Department in aligning programs, facilities, and resources with community needs and trends. This process will involve community meetings hosted by the Department to gather resident feedback.
- Utilize diverse marketing strategies and social media platforms to provide timely updates and effectively share program, events, and service information with residents across multiple channels.
- Encourage and support the professional development of all full-time staff by facilitating pursuit of recreation certification through MRPA and NRPA, as well as participation in local and regional conferences.

Significant Level-Service Budget Changes

- Provides an additional \$50,000 to the Contracted Services line to fund the Recreation Therapeutic Specialist that is shared with the Town of Belmont.

Additional Budget Requests

- Funds the request to hire two summer interns who would serve as Lead Counselors for the parks program.
- Does not fund the request for \$25,000 for assistance with writing department policies.
- Does not fund the request for \$25,000 for bus rentals for Pequossette Summer Camp.

Capital Budget Items

- None

John A. Ryan Skating Arena

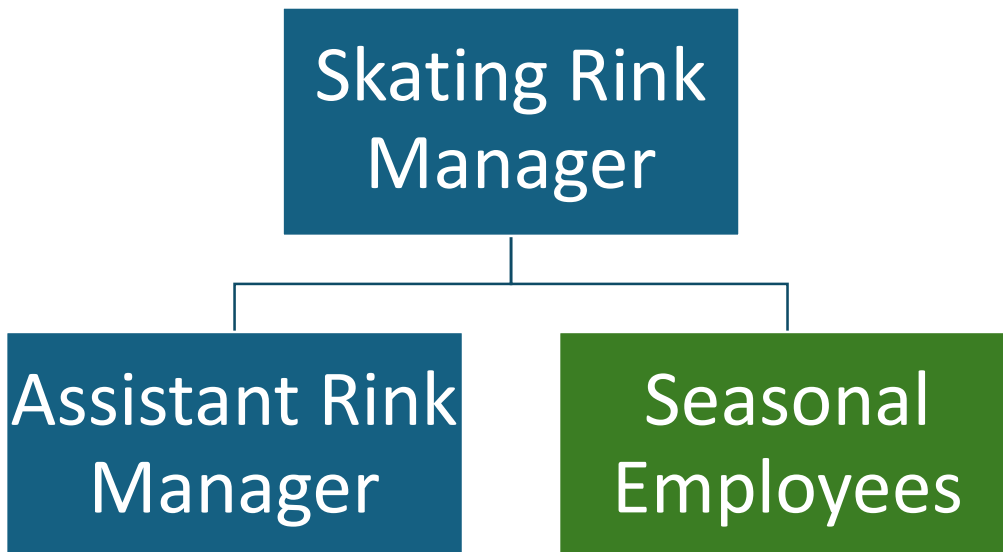

Mission

The mission of the John A. Ryan Arena is to provide the residents of the City of Watertown the opportunity to practice and participate in their ice sports of choice for a wide variety of age groups. The John A. Ryan Arena provides a facility that meets the requirements of its users and strives to make improvements to the facility that will benefit the residents of the City of Watertown.

Department Description

The John A. Ryan Skating Arena is a department of the City of Watertown led by the Skating Rink Manager, who is responsible for the day-to-day operations. The arena is home to many local and area sports groups, including the Watertown High School hockey teams. A number of public skating events are also hosted at the arena throughout the season. The Rink Manager oversees all operational, financial, and personnel matters that arise in the operation of the department. This role is supported by the Assistant Rink Manager and seasonal staff who carry out the goals of the department. All department staff work to maintain facilities to safely provide the users of the rink the opportunity to use the building for their recreational activities.

Organizational Chart

Department Goals

- To provide the public with the ability to participate in a variety of ice sports.
- To maintain a safe, accessible, and operational skating arena.

Recent Accomplishments

- Replacement of Hot Water Boiler Number 2 to ensure building is sufficiently supplied with domestic hot water for all patrons
- Rebuild of Compressors Number 1 and 2 to stay in compliance with government regulations. This also assists long-term performance of refrigeration equipment.
- Successfully rented of 95% of prime-time ice, generating \$410,000 in revenue.
- Continued previous fiscal year progress in preventative maintenance and cleaning protocols. This continued the goal of providing safe and clean environment for all patrons.
- Accepted delivery of new Electric Zamboni 552 Machine, in accordance with the City's emission reduction goals. Unit was also wrapped with custom John A. Arena material to focus on pride in the facility.

Plans for Fiscal Year 2027

- Work to complete the Skating Arena Policy and Procedures Manual and train all department staff on the new policies. Focus on training of all staff to ensure their knowledge of all aspects is up to industry and City standards.
- Continue to focus on improvements in building efficiency and safety.
- Continue to work on expansion of programs within the building to provide more access to the community.
- Work to achieve 95% ice booking of prime-time ice.
- Work with the Procurement Department to initiate the replacement of the rink surface flooring project. Estimated project start will be April 2027.

Significant Level-Service Budget Changes

- None

Additional Budget Requests

- None

Capital Budget Items

- Provides \$32,000 for building renovations (line 261 in the Fiscal Year 2027-2031 CIP).

Debt Retirement

Description

The Debt Retirement narrative incorporates all debt service and carrying costs for implementation of the City’s capital program. Included in this section are payments for school facilities, general government projects, as well as road construction and energy-related improvements. Increases in Fiscal Year 2027 are principally the result of debt service for construction of the new Watertown High School.

Pension and OPEB Costs

Description

Pension & OPEB Costs includes a.) annual pension assessments, as determined by the Watertown Retirement Board, and b.) funding for the City’s other post-employment benefits (OPEBs), such as retiree healthcare. As noted in the introductory budget memo, the increased Fiscal Year 2027 pension assessment is a one-time increase driven by updated numbers from the Retirement Board’s actuarial advisor. With these investments, the City’s pension remains fully funded and the City is on track to fully fund its OPEB liability by Fiscal Year 2031. As noted in the introductory budget memo, the City is planning to have their outside auditor review the numbers from the actuarial advisor, in an effort to reduce risk of future unexpected fluctuations of Pension and OPEB costs.

Insurance and Employee Benefits

Description

The City of Watertown has been a member of the statewide Group Insurance Commission since 2010. GIC membership has allowed the City to manage insurance costs effectively during a period when insurance costs have significantly challenged many employers. Increases in FY 2027 are principally the result of rising health insurance costs. Property and Liability Insurance and Worker’s Comp Insurance are lower in FY 2027 than in FY 2026.

Transfers and Capital Projects

Description

Capital projects funded directly in the Fiscal Year 2027 budget total \$3,823,100. This funding typically covers items noted with a TR (tax revenue) designation in Fiscal Year 2027 of the Fiscal Year 2027-2031 Capital Improvement Plan (CIP). The chart below, with \$2,328,800 in expenses, covers the TR items in the CIP that are not otherwise identified in the capital lines of individual departments. For more details on Fiscal Year 2027 capital projects, please see Fiscal Year 2027-2031 Capital Improvement Plan attached as an appendix to this budget.

As noted in the introductory budget memo, the revenue table of the budget proposes using \$3,823,100 of free cash in the Fiscal Year 2027 budget to cover the capital items in the annual budget.

CITY OF WATERTOWN

SUBMITTED WATER AND SEWER ENTERPRISE BUDGETS

Fiscal Year 2027

Water Enterprise Fund

Fund Description

The activities of the Public Utilities Division of the Department of Public Works related to the City's water infrastructure are funded out of the Water Enterprise Fund. Prior to the adoption of the new Administrative Code, there were separate divisions for Water and Sewer. The two divisions have been combined to provide greater operational flexibility. The Public Utilities Division ensures the City's water distribution system provides a high-quality and dependable water supply. The Division completes water system improvement projects and utilizes resources from the Massachusetts Water Resources Authority to replace outdated water infrastructure. A full description and organization chart for the Department of Public Works can be found on page 119.

Significant Level-Service Budget Changes

- Reallocates salaries of Public Utilities Division staff to be funded by both the Water & Sewer Enterprise Funds.
- Reallocates a portion of the salaries of several employees in General Fund DPW divisions to be covered by the Water Enterprise Fund.
- Provides an additional \$100,000 for Contracted Services to cover work needed for stronger stormwater restrictions.
- Increases Water Materials & Supplies by \$65,000 to cover rising costs.

Additional Budget Requests

- None

Capital Budget Items

- Provides \$286,000 for water system improvements and equipment replacement.

FISCAL YEAR 2027 WATER ENTERPRISE FUND

Sewer Enterprise Fund

Fund Description

The activities of the Public Utilities Division of the Department of Public Works related to the City's sewer infrastructure are funded out of the Sewer Enterprise Fund. Prior to the adoption of the new Administrative Code, there were separate divisions for Water and Sewer. The two divisions have been combined to provide greater operational flexibility. The division operates and maintains the City's sanitary sewer and storm drainage systems. The division implements projects found in the Sewer System Capital Improvement Plan to reduce sources of inflow and to reduce contamination in the drainage system. A full description and organization chart for the Department of Public Works can be found on page 119.

Significant Level-Service Budget Changes

- Reallocates salaries of Public Utilities Division staff to be funded by both the Water & Sewer Enterprise Funds.
- Reallocates a portion of the salaries of several positions in General Fund DPW divisions to be covered by the Water Enterprise Fund.
- Provides an additional \$100,000 for Contracted Services to cover work needed for stronger stormwater restrictions.
- Increases Water Materials & Supplies by \$65,000 to cover rising costs.

Additional Budget Requests

- None

Capital Budget Items

- Provides \$1,405,000 for sewer system improvements and equipment replacement.

To: Honorable City Council

From: George J. Proakis, City Manager

Date: January 27, 2026

RE: Fiscal Year 2027-2031 Capital Improvement Program

Pursuant to the provisions of the Watertown Home Rule Charter, the attached City Council Resolution on the Fiscal Year 2027 Budget Process, and the City Council Resolution on Watertown's Ongoing Capital Project Budget Guidelines, I herewith present the Proposed Fiscal Year 2027-2031 Capital Improvement Program (CIP).

As you are aware, the Capital Improvement Program is the method used to realistically show relatively expensive and higher-cost equipment and projects that need to be planned to ensure the City's infrastructure is adequately maintained.

The proposed Fiscal Year 2027-2031 General Fund CIP totals \$290,958,100. The general obligation bonding requirement for the FY 2027-2031 CIP is \$219,170,200.

Background

The attached document is the Proposed FY 2027-2031 Capital Improvement Program. In light of the significant investments planned for several large-scale projects within the proposed CIP, we have also finalized our projected debt chart and cost analysis for this period to ensure the CIP remains fiscally sustainable.

For the purposes of the CIP, a capital item is defined as an asset with a useful life of at least two years and a purchase price of at least \$20,000. Items costing less than \$20,000 are included in

the operating budget. This threshold is an increase of \$5,000 from last year to account for inflation, as the old \$15,000 threshold had been set as far back as FY 2008. In addition, items that are labeled “TR” or “tax revenue” are included both in the CIP (because of their relatively large expense) and in the “Capital Outlay” lines of the operating budget for the relevant departments or the “Transfer to Capital Projects” lines in the budget.

While it is easy to not fund maintenance repairs and equipment replenishment until something either falls down or stops running, this is poor planning, for at least two reasons:

1. It does not reflect the true cost each year of an item.
2. By maintaining buildings and equipment in good repair, their useful life can be extended at a reasonable cost. Many communities wait until buildings, vehicles or equipment are in such a state of disrepair that a major overhaul, repair, or replacement is required at much greater expense.

Therefore, to maintain and improve its infrastructure, facilities, and equipment, the City should expect to make annual capital expenditures of at least 7.5% to 8% of the General Fund budget. In FY 2027, we are proposing a plan that would make annual capital expenditures equal to about 7.97% of the General Fund budget, exclusive of the “Building for the Future” projects.

Changes for the FY 2027-2031 Capital Plan

There are a few changes to the organization of this plan, as follows:

The Phillips School Building has been moved from the School section to the City Buildings section at the top of the CIP. This change reflects the fact that different parts of the building are being used by both School and City departments. With the completion of the high school project, some areas of the Philips will be used primarily for non-school activities, such as senior center activities in the gym. I am working with the Superintendent to identify city and school responsibilities related to this building. While that is underway, it seems best that items related to the maintenance and replacement of major building systems in Philips should be reflected as city borrowing items instead of school items.

A Note on Uncertainty

In October of 2025, I noted in my preliminary budget overview that there are a number of financial headwinds that increase the level of uncertainty we are facing. I wanted to note a few of them here.

The Biotech Industry

Watertown has benefitted in recent years from significant levels of new growth in the tax base due to the expansion of the life sciences industry. The life science industry continues to grow in the region, but that growth has slowed significantly. The industry faces the challenge of filling substantial vacant space before we are likely to see another life science building under construction in Watertown. As long as this industry continues to grow in the region, we will see some benefit from new companies arriving in Watertown, but we cannot expect the levels of new growth we have seen in FY2022-2025.

Federal Uncertainty

Several items at the federal level that have direct and indirect impacts on the cost of capital projects and on Watertown's budget as a whole continue to be in flux. Increases in tariffs have raised the cost of many capital items, and uncertainty regarding where the tariff levels will be in the future have made it difficult to confidently predict prices in later years of the CIP. The status of federal grants continues to shift as well. While Watertown has not relied heavily on direct federal grants for our budget, there are knock-on effects that impact our financial situation. The biotech industry, for example, relies heavily on grants from the federal government. When the current and future status of federal grants is uncertain, biotech companies are less willing to make investments in new lab space, which contributes to the decline in new growth from the industry I noted above.

Home Rule Petition

We are working with our state representatives and state senators to get our Home Rule petition passed by the state legislature so that we can maintain the current tax rate shift between residential properties and commercial/industrial properties. If the Home Rule petition is not adopted, residents will face significant increases to their property tax bills. In that alternative, if we seek to reduce the impact of these extensive tax increases, we would need to reduce

investments in stabilization accounts or reduce our commitment to borrow, which could necessitate slowing, rescheduling or eliminating some CIP items.

City Council Priority Projects

Last year, the Honorable City Council provided guidance that directed City administration to develop a budgetary plan, subject to the confines of Proposition 2 ½, for five major capital items:

1. Senior Center/Recreation Center
2. East End Fire Station
3. DPW Staging Area
4. Watertown Square Implementation Plan
5. Middle School Renovations

Further guidance from the Council prioritized the Middle School, with instructions to keep the project budget within \$84.7 million and to keep total borrowing for the project at \$70 million. The FY 2026-2030 CIP I presented to the Council was consistent with that direction. Over the past few months, however, it has become clear that the cost of any project to renovate or rebuild the Middle School that is worth pursuing will significantly exceed the \$84.7 million used for last year's CIP.

The proposed FY 2027-2031 CIP has been built to continue to fund the Middle School project and uses the most recent cost estimate of \$112,239,426 which reflects the budget for option 2E from the September 2025 memo from Vertex to the School Building Committee but does not reflect potential savings from purchase of the modulars at Moxley Field. Additionally, this CIP funds the construction of a new Senior Center in FY 2029 and funds the Watertown Square project starting in FY 2028. The numbers used for Watertown Square and the Senior Center are placeholders and will be refined as we go through the design process for both projects should the Honorable City Council give guidance to continue to pursue them. Watertown Square may benefit from alternative funding strategies that we can seek at a later date. The East End Fire Station continues to have its funding source listed as TBD as we have not identified a new location, and the Council ranked it as a lower priority item than the Middle School, Senior Center, and Watertown Square projects.

Despite the current climate of economic uncertainty noted earlier in this memo, decades of sound fiscal practices have put Watertown in a position to have the options and flexibility needed in our budget to create a CIP that follows the Council's guidelines. The City has made it a practice to devote a significant portion of the yearly budget to make our pension fully funded, to cover our Other Post Employment Benefits (OPEB) liability, and to make significant contributions to stabilization funds and debt service for a number of Building for the Future projects. Last year we increased that portion to \$34.5 million. But, as I noted in my preliminary budget review in October, this number would likely need to be decreased heading into FY 2027 to cover our forecasted deficit and increased operating costs.

This year, we are planning to reduce the portion of the budget we devote to these lines to \$32 million in FY 2027, 2028, and 2029 to address those forecasted deficits. Our current forecasts plan for returning to \$34.5 million in FY 2030 and 2031, although this will likely require either new growth beyond our projections or some operating budget reductions to meet our debt service payments. All of this assumes we continue taxing to our statutory tax cap – which should not be an issue unless the home rule petition noted above does not pass.

Despite the reductions over the next three fiscal years, we will maintain our fully funded pension and remain on track to fully fund our OPEB liability by FY 2031. We will also continue to contribute to the Watertown Square and Senior Center stabilization accounts to reduce the borrowing necessary for these two projects. Debt service for the new middle school will begin to be paid in FY 2028, with debt service for the project projected to peak at \$7,580,667 in FY 2030. Please see the chart on the next page for details.

DESCRIPTION	FY 27	FY 28	FY 29	FY30	FY31
PENSION	\$4,039,557	\$1,150,000	\$1,150,000	\$1,150,000	\$1,150,000
OTHER POST EMPLOYMENT BENEFITS (OPEB)	\$2,111,443	\$2,246,667	\$2,344,650	\$2,128,983	\$2,247,583
3 ELEMENTARY SCHOOL & HIGH SCHOOL PROJ - PERM	\$22,849,000	\$22,220,000	\$21,465,350	\$20,849,850	\$20,224,350
NEW MIDDLE SCHOOL DEBT SERVICE		\$783,333	\$4,215,000	\$7,580,667	\$7,433,667
TRANSFER TO NEW MIDDLE SCHOOL STABILIZATION					
WATERTOWN SQUARE DEBT SERVICE			\$725,000	\$1,427,500	\$2,107,500
NEW SENIOR CENTER DEBT SERVICE				\$1,363,000	\$1,336,900
TRANSFER TO WAT. SQ. STABILIZATION	\$600,000	\$2,000,000	\$500,000		
TRANSFER TO SENIOR CENTER STABILIZATION	\$2,400,000	\$3,600,000	\$1,600,000		
TOTALS	\$32,000,000	\$32,000,000	\$32,000,000	\$34,500,000	\$34,500,000

Outcomes

As noted above, we incorporated the debt sheets into tonight’s submission. This is because the internal CIP process this year has been an iterative process of adjusting major projects and looking at the impact on key metrics. Capital projects as a percent of the city budget, excluding “Building for the Future” projects is under 8%. Incorporation of the Middle School into the “Building for the Future” plan, as well as strategic investments in stabilization accounts for Watertown Square and the Senior Center allow us to carefully spread out and reduce total debt payments. Nonetheless, by FY2031 the CIP as outlined requires an additional \$2.5 million annually to the combined pension/OPEB/Building for the Future items – and this likely requires new growth somewhat beyond our projections in FY 2030 and 2031. Debt service as a total percent of the budget is projected to exceed 20% in FY 2031 – a concerning number, and one that is \$4 million greater than projected last year with the lower middle school estimates. But this is offset by the forthcoming reduction in OPEB funding and can be further offset if there is more investment in stabilization funds in coming years. As we refine budgets for the Middle School and Watertown Square, we will need to continue monitoring this situation to ensure we have developed an affordable CIP strategy that does not impact operating costs and budgets in future years.

Below is a breakdown of proposed projects by program area:

Administration

The proposed CIP includes \$25.2 million over the course of the five-year planning period for repairs and improvements to City Hall, the Parker Building, the Phillips Building, and other City building projects. This amount includes \$11.4 million as placeholders, marked TBD in the CIP, from FY 2028-2031 for projects whose funding configuration is contingent upon corollary decisions, specifically:

- \$3.3 million for Parker Building window replacement, which may be impacted by decisions related to the renovation of the middle school.
- \$1 million for demolition of the former Police facility, that may be covered as a part of larger work in Watertown Square.
- \$1.1 million in funding for the North Branch Library, for which the City will seek funding via the Community Preservation Act.
- \$500,000 in upgrades to the multi-service center that will be reviewed in conjunction with the implementation of new Human Services programs by the City and its partners while implementing the new Health and Human Services Study.
- \$60,000 for bathroom fixture upgrades at the Phillips Building.
- \$1.125 million for window replacements at the Phillips Building, as there may be grants available in the future that could be used to fund a portion of this expense.

The FY 2027-2031 CIP also includes the following adjustments:

- An additional \$110,000 for upgrading the fire sprinkler system in City Hall due to cost escalations.
- A reduction of \$940,000 for Parker ADA/Code Update Requirements, largely due to improvements that were previously needed to support a daycare that is no longer renting space in the building.

- An additional \$240,000 for the Parker Roof Design/Replacement due to cost escalations. This project was also brought up to happen in FY 2027.
- We have added two TR lines for replacing carpets & flooring and for painting to the Miscellaneous Buildings section in FY27. This will give our Public Buildings department more flexibility to utilize these funds in the buildings that need them the most. These lines may get carried in future years, pending the results of the forthcoming Public Buildings department study.
- We have added a yearly line for ADA upgrades to City buildings per the self-evaluation plan performed by KMA.
- An additional \$2 million for the development of a campus geothermal energy micro-grid that will serve City Hall, the Library, and Fire Headquarters due to cost escalations. This is funded in the CIP, but we will aggressively seek grants to cover some or all of these costs.

Community Development & Open Space

The proposed CIP includes \$46.2 million over the course of the five-year planning period for parks improvements, repairs to the Commander’s Mansion, arts and monuments, and to support the redevelopment of Watertown Square. Included in this total is \$20 million in borrowing for Watertown Square. This number is a placeholder and will be refined, and likely increased, as the design process proceeds. We will also continue to seek alternate sources of funding for Watertown Square.

The proposed CIP also contains \$6 million in placeholders for Walker Pond, the Common Street Cemetery, and the Commander’s Mansion Grounds as we plan to seek CPA funding for those projects.

Parks projects remain substantially on schedule, although some additional schedule adjustments were required to allow middle school funding to fit the CIP borrowing schedule. An addendum to this letter establishes the most updated park and open space project schedule.

Recreation & Parks

This CIP removes the line for Automatic External Defibrillators (AEDs) for City parks and facilities line as this project was fully funded at the end of FY 2025.

Information Technology

The CIP includes \$4.7 million for IT equipment and technology improvements over the next five years. This section was restructured by the new IT Director to better identify and plan for specific projects that will be needed over the course of the CIP.

Fire Department

The CIP contains \$3.8 million over the planning period for equipment, facilities improvements, and vehicle and apparatus replacements. Included in the plan is \$1.25 million for the replacement of Engine 3 in FY 2027 and \$600,000 for the replacement of an ambulance. Other projects include the replacement of staff vehicles, miscellaneous facility repairs, and equipment replacements.

This CIP also removes \$250,000 for Main Station HVAC Replacements, as upgrades to the HVAC system will be part of the Campus Geothermal Project in the Administration section of the CIP.

Library

The CIP contains \$813,000 over the planning period for miscellaneous renovations and repairs including \$46,000 for recarpeting the lobby and \$100,000 in FY 2029 for a feasibility study to evaluate potential expansion of the Library, in concert with the Watertown Square redevelopment.

Police Department

The CIP includes \$2.6 million over the planning period for vehicle and equipment replacement. Included in the plan is \$170,000 in FY 2027 to replace mobile data terminals in police vehicles

and \$1.4 million in proposed tax revenue over the planning period to continue the scheduled replacement of patrol vehicles at the current rate of three vehicles per year. The City continues to annually fund the radio infrastructure and miscellaneous building improvements. \$950,000 in funding has been listed as TBD for a Parking Lot Solar Panel Array in FY 2030 as grant funding may be available for that project.

Department of Public Works

The CIP contains \$13.6 million over the planning period for vehicle and equipment replacement. Consistent with the City Council's Climate and Energy Plan, the proposed CIP includes funding for the replacement of electric vehicles of various types ranging from standard light vehicles to an electric street sweeper. DPW staff undertook a comprehensive review of their vehicle replacement schedule and have updated it to better reflect the operational needs of the department.

The CIP also contains \$400,000 in FY 2027 for repairs to City Hall's parking lot and to address needed ADA improvements, \$1.85 million for an expansion of and improvements to the Parker Building parking lot split between FY 2027 for design and FY 2030 for construction, and increases to the annual tax revenue lines for equipment in the Traffic Control division to better reflect current costs and operational needs. Industry experts have advised DPW to expect price increases for supplies, vehicles, and equipment. These expected increases have been incorporated throughout DPW's capital plan.

Additionally, the Ornamental Street Lighting and Underground Utility Duct lines have been moved from the Streets & Sidewalks section of the CIP to Street Lighting & Wiring.

School Department

The capital plan for the School Department includes funding for the new Watertown Middle School project. Designated by the City Council as a priority project, the middle school renovation is proposed to be funded through a combination of \$17 million from stabilization accounts and \$98 million in long-term debt. While placing this project on the CIP continues to

put pressure on the overall borrowing costs in FY 2030 and FY2031, it's important to include this project on the CIP schedule and understand how it would impact the entire CIP borrowing and debt schedules over multiple years at the current estimated price. We are hoping to seek better pricing for this project in the next six months. We will also have better cost estimates on the Watertown Square project – this will allow us to refine CIP priorities in the later years and adjust the borrowing schedules accordingly.

The School Department's overall capital plan totals \$106.2 million. In addition to the middle school, the CIP includes several repairs and improvements for the elementary schools, as well as a number of miscellaneous improvements throughout the school system. A total of \$3.3 million of requested CIP items were not able to be funded in this plan and have been placed into the CIP as STBD. The administration and school department will continue to work to fund these items as possible.

As noted earlier, the Phillips School has been moved up to the Administration section of the CIP to reflect that the building will be used by both School and City departments. The Phillips Building improvements are not included in the dollar total for School projects in this CIP.

Public Buildings

The CIP contains \$1.85 million for various improvements and replacements. Included in the plan is \$600,000 over the course of the CIP to install electric vehicle charging equipment at various locations throughout the city and \$770,000 for work on the DPW garage.

Senior Center

The capital plan contains \$17.7 million for the senior center. This amount principally consists of a \$17.4 million placeholder in FY 2029 for the construction of the new senior center, as noted above. Combined with stabilization funds, this plan has a total of \$25 million as the placeholder cost of the new Senior Center. Also included is funding for ongoing maintenance and a new shuttle bus in FY 2027.

Skating Arena

The CIP contains \$170,000 to fund various repairs and renovations at the John A. Ryan Skating Arena. Items that were in last year's CIP that do not show in this one were fully funded at the end of FY 2025.

Streets & Sidewalks

The CIP contains \$58.3 million over the course of the planning period to fund street and sidewalk improvements at various locations throughout the City. \$12.1 million is proposed to be funded by State revenue. Additionally, \$1 million has been included in FY 2028 as a placeholder to safeguard against unforeseen issues with the Mt. Auburn Street corridor project. Further, the plan anticipates continuation of the General Fund's annual support for transportation projects, as well as continued bond funding for sidewalk reconstruction. The CIP, despite the additional borrowing for the middle school project, is able to retain funding for street and sidewalk projects at the same level anticipated in the previous CIP.

A list of projected street projects over the course of the CIP has been included as an appendix to this memo.

Water and Sewer Enterprise Funds Capital Improvement Program (CIP)

The proposed Fiscal Year 2027-2031 plans for the Water and Sewer Enterprise Funds are forthcoming and will be submitted to the Honorable City Council in the coming days, along with a memo summarizing relevant background information. All work to the water, sewer, and drain systems directly impact water and sewer rates. Interest-free loans and grants, when secured, will enable the City to perform the necessary work while minimizing impact of these important upgrades on ratepayers.

Prior Year Projects:

Appendix C to this memo identifies prior year CIP projects that were previously confirmed or re-confirmed by the Honorable City Council in the FY 2026 Conceptual Recommendations.

Conclusion

I look forward to working with the Honorable City Council in their review and adoption of conceptual recommendations for the Fiscal Year 2027-2031 Capital Improvement Program.

12. Confirm the prior recommendation to proceed with the FY26 \$550,000 proposed loan order for Information Technology, consisting of:
 - a) Infrastructure Improvements @ 200,000
 - b) Permitting and Transparency Dashboards @ 150,000
 - c) Document Scanning @ 200,000
13. Confirm the prior recommendation to proceed with the FY26 \$747,000 proposed loan orders for the Fire Department, consisting of:
 - a) East End Fire Station HVAC/Plumbing @ 126,000
 - b) East End Fire Station Painting-Carpet-Lighting @ 121,000
 - c) Firefighter Protective Outer Gear @ 500,000
14. Confirm the prior recommendation to proceed with the FY26 \$440,000 proposed loan orders for the Public Buildings Department, consisting of:
 - a) Inventory Equipment @ 150,000
 - b) Add EV Stations @ 90,000
 - c) DPW Garage Fan & Doors @ 200,000
15. Confirm the prior recommendation to proceed with the School Department's FY26 \$317,000 proposed loan order for School Improvements for consisting of:
 - a) Phillips School Masonry Repairs @ 222,000
 - b) District security systems enhancements @ 95,000
16. Proceed with the proposed loan orders for local road construction projects, in accordance with the Public Works Committee Report approved by the City Council on December 9, 2025, as follows:
 - a) The FY26 \$2,875,000 proposed loan order for local road construction in the summer 2027 for Cottage St and other roads.
 - b) The FY26 \$2,300,000 proposed loan order for connector roads/longer street projects for reconstruction of Forest and Springfield Streets in summer 2026 to 2028.
17. Confirm the prior recommendation to proceed with the FY26 \$1,100,000 Streets & Sidewalk proposed loan orders:
 - a) Underground Ducts for Utilities for \$300,000
 - b) Ornamental Street Lighting for \$300,000
 - c) Mt Auburn Street Non-participatory funds for \$500,000
18. Proceed with the FY27 \$2,441,000 City Buildings proposed loan orders:
 - a) \$641,000 for Parker Building ADA/Code Update Requirements
 - b) \$1,450,000 for Parker Building Roof Design/Replacement
 - c) \$100,000 for Phillips Building Roof Repairs/Replacement
 - d) \$250,000 for General ADA Upgrades per KMA Audit

19. Proceed with the FY27 \$800,000 Open Space Improvements proposed loan orders:
 - a) \$675,000 for Sullivan Park construction
 - b) \$125,000 for Victory Field Phase III- Field House & Elevator Design
20. Proceed with the FY27 \$450,000 Information Technology proposed loan order:
 - a) \$200,000 for Document Scanning
 - b) \$250,000 for Cybersecurity Enhancements
21. Proceed with the FY27 \$1,425,000 Fire Department proposed loan orders:
 - a) \$1,250,000 for Engine Truck replacement, 2013 Engine 3
 - b) \$175,000 for Replacement of 2 Cardiac Monitors
22. Proceed with the FY27 \$170,200 Police Department proposed loan order for Mobile Data Terminal System Replacement
23. Proceed with the FY27 \$230,000 Public Building Department proposed loan orders:
 - a) \$60,000 for Vehicles & Snow Equipment
 - b) \$100,000 for EV Stations
 - c) \$70,000 for DPW Garage MAU Replacement Design
24. Proceed with the FY27 \$160,000 Senior Center proposed loan order for the senior center shuttle bus.
25. Proceed with the FY27 \$1,600,000 Department of Public Works proposed loan order for Vehicle Replacements:
 - a) \$100,000 for Animal Control Vehicle #120
 - b) \$95,000 for Fleet Pick-up Truck #C5
 - c) \$335,000 for Heavy Duty Dump Truck #40
 - d) \$675,000 for Electric Street Sweeper #21
 - e) \$130,000 for Cemetery Dump Truck #70
 - f) \$95,000 for Cemetery Utility Vehicle #C7
 - g) \$170,000 for Parks & Forestry 4x4 Landscape Dump Truck #78
26. Proceed with the FY27 \$1,400,000 Department of Public Works proposed loan orders for Improvements:
 - a) \$400,000 for City Hall Parking Lot Repairs & ADA Improvements
 - b) \$100,000 for Parker Building Parking Lot Expansion
 - c) \$100,000 for Adaptive Traffic Management
 - d) \$300,000 for Ornamental Street Lighting
 - e) \$500,000 Mt Auburn Street Non-participatory funds
27. Refer to the Public Works Committee, for policy guidance, in accordance with Resolution 2013-76 *Watertown's Ongoing Capital Project Budget Guidelines*, the FY27 \$3,000,000 proposed loan order for local road construction projects (highway & sidewalk) in the summer of 2027.
28. Proceed with the FY27 \$2,400,000 proposed loan order for connector roads/longer street projects for reconstruction of Riverside Street in summer 2027, in accordance with the Public Works Committee Report approved by the City Council on December 9, 2025.

29. Proceed with the School Department's FY27 capital appropriation request for projects as shown in the CIP as follows:
- \$230,000 for various items to be funded with tax revenues, consisting of:
 - i. \$75,000 Cunniff Retro-commissioning Study/Repairs (years 6-7)
 - ii. \$30,000 District update food service equipment
 - iii. \$125,000 District interior painting
 - A FY27 proposed loan order for \$95,000 for District security systems enhancements.
30. Revise the prior recommendation for the Watertown Middle School new building project, which is proposed using the most recent cost estimate of \$112,239,426, a figure which does not include potential savings from purchasing the modulars at Moxley Field: Continue with the design contract to produce bid documents by the end of 2026 to obtain an actual cost, with periodic cost estimates to be presented to the City Council, and keep the proposed FY27 loan order of \$10,000,000 as a placeholder until the City Council reaches a decision to fund the project and proceed with construction.

Water/Sewer Enterprise Fund CIP

31. Re-confirm the prior recommendation to proceed with the FY19 proposed Sewer Enterprise Fund loan order for \$394,000 for a Heavy-duty Crane.
32. Confirm the FY26 Water & Sewer Enterprise Funds proposed MWRA loan orders:
- a) Sewer Inflow & Infiltration Local Financial Assistance Program (I&I) for \$1,320,000 consisting of a \$990,000 grant and a \$330,000 interest-free loan.
 - b) Local Water System Assistance Program (LWSAP) \$500,000 interest-free loan to replace outdated unlined cast iron water mains.
 - c) Lead Loan Program (LLP) \$300,000 interest-free loan to replace lead service lines.
33. Proceed with the FY27 Water & Sewer Enterprise Funds proposed MWRA loan orders:
- a) Sewer Inflow & Infiltration Local Financial Assistance Program (I&I) for \$1,320,000 consisting of a \$990,000 grant and a \$330,000 interest-free loan.
 - b) Sewer Inflow & Infiltration Local Financial Assistance Program (I&I) one-time interest-free loan for \$1,290,000.
 - c) Local Water System Assistance Program (LWSAP) \$500,000 interest-free loan to replace outdated unlined cast iron water mains.
 - d) Lead Loan Program (LLP) \$300,000 interest-free loan to replace lead service lines.
34. Proceed with the FY27 Sewer Enterprise Fund proposed loan order for \$780,000 for Sewer system improvements.
35. Proceed with the FY27 Sewer Enterprise Fund proposed loan order for \$100,000 for Sewer Siphon Rehabilitation Design & Construction.
36. Proceed with the FY27 Water Enterprise Fund proposed loan order for \$255,000 for Hook Lift (vehicle #59).
