Permits to be reviewed

LabShare – 66 Galen Street

Both Philip Borden, CEO and David Baxley, COO gave a history and Labshare's business model including safety protocols. Ms. Julien, Site Director, gave a short presentation of the lab's activities. Labshares is opening 10,000 sq ft. in May and 48,000 sq ft in November 2026. Mr. Parsons appreciated the commitment Labshares demonstrated, presenting twice to WBSC. Mr. Parsons asked when Labshares expands, will the member labs produce more bio waste. Mr. Parsons referred to the floor plan and questioned the number of safety cabinets and fume hoods. Dr. Lieberman questioned if a lab member comes before the WBSC, then will the lab have their own permit or an amendment on Labshares permit? When Labshares has a new member lab, that lab's principal investigator must attend the IBC meeting.

Mr. Parsons made a motion to recommend approval of this application to the BOH with an updated list of agents, materials and cell lines.

Roll Call

Amendment to be reviewed

Corner Therapeutics – 99 Coolidge Avenue

Dania Zhivaki, Director of Discovery, gave a short presentation of the lab's move from 300 North Beacon Street to 99 Coolidge Avenue in July 2026. Jonathan Chow, Director of Immunology spoke about lenti to Corner's protocol.

This amendment does not need to go to the BOH.

Other Business:

Ms. Myers, Director of Health sent an email to the WBSC about sub-committee regulations.

Items that were not anticipated before publication of this agenda.
