Agenda

7:00 Welcome and approval of minutes
7:05 Status updates: The last day of Solarize
7:15 Energy Manager, Clean Energy Strategies Grant, and Outreach to town
7:55 Setting fall meeting dates
8:00 Aaron Dushku initiatives (If possible)

Establish some policies around these.

- a ban on plastic water bottles, bags and styrofoam.
- regular and public reporting on the WQ monitoring data from the outfalls
- rooftop solar requirements for town buildings (virtual net-metering!)
- ideas for cracking the whole non-owner-occupied energy efficiency nut
- why aren't new developments going solar (the hotel architect said it was too expensive!? AthenaHealth cancelled a mtg w NSL because of 'the controversy')
- public transportation improvements = global warming and traffic mitigation
- hubway & zipcar stations = global warming and traffic mitigation
- the town engineer and stormwater ordinances
