

Good Afternoon Watertown Traffic Commission:

My name is Michael Gurney, and I am a resident of 133 Grove Street, Watertown, MA 02472. Thank you for taking the time to let me raise some concerns I have with a traffic pattern close to my home, specifically Grove Street & Kondazian Street. I would like to formally request a crosswalk installation and a stop sign (please see diagram below). Daily, I see countless cars fail to stop when entering Grove Street, additionally, it's all but near impossible to safely cross the street. I also wanted to raise this concern as there is a bus stop on the corner of Kondazian with 15+ children being picked up.

Thank you for your attention to this matter, please do not hesitate to reach out if you have any questions.
